JAPANESE ARE MAKING A DESPERATE CHARGE ON PORT ARTHUR

LIAO YANG, JUNE 3.—THERE ARE PERSISTENT RUMORS THAT ANOTHER BATTLE IS IN PROGRESS NEAR PORT ARTHUR. CONTINUOUS CANNONADING HAS BEEN HEARD FROM THE SOUTH.

AN ADDITIONAL FORCE OF 15,000 JAPANESE IS REPORTED TO HAVE LANDED AT TAKUSHAN.

CHEFOO, JUNE 3, 4:30 P. M.—STEAMERS WHICH HAVE ARRIVED HERE FROM NEW CHWANG REPORT THAT FIRING IN THE VICINITY OF PORT ARTHUR WAS HEARD LAST NIGHT. THEY ONLY SAW TWO JAPANESE CRUISERS. CHINESE JUNKS WHICH HAVE REACHED THIS PORT FROM THE CHA RIVER, WEST OF TAKUSHAN, REPORT THAT THE JAPANESE HAVE CAPTURED TWO RUSSIAN OFFICERS AND FORTY SOLDIERS DIEGUISED AS JAPANESE.

SEVERE FIGHTING ON LIAO TUNG.

General Battle Throughout Peninsula—No Help for Port Arthur.

MUKDEN, June 3.—For two days past rumors have been current of severe fighting on the Liao Tung peninsula.

Details are lacking, but the fact that fighting has been general throughout the peninsula is officially admitted.

The Russians have pushed their outposts south to Wan Fang Tien, on the railroad, while the Japanese occupy the country from the shores of Korea bay inland to the vicinity of Siu Yan.

The fact that a Japanese army, estimated to number 50,000 men, is concentrated south of Kin Chou, is regarded here as indicating the region where decisive battles will be fought.

JAPANESE HOLD LIAO PUDZA.

LIAO YANG, June 3.—General Kuroki's outposts now hold the line at Liao Pudza, Se Lieund Jan and Chan Li Dzy. The Japanese forces disembarking at Takushan have reached Ulaossa. A division of the guards forms the connecting link between Ulaossa and Feng Wang Cheng.

The Japanese landings at Pitzewo, Liao Tung peninsula, continue.

The Chinese are again willing to accept Russian paper roubles.

PORT ARTHUR STANDS ALONE.

PARIS, June 3.—A dispatch to the Temps from St. Petersburg, says:

It appears that the Russian relief column of thirty thousand men, mobilized for the succor of Port Arthur, has abandoned its project owing to the fall of Kinchou and the landing of Japanese reinforcements.

JAPANESE DID NOT SHOW UP.

VAFANGOW, June 1, via Liao Yang, June 2.—A continuation of the fighting was expected today but the Japanese did not appear in force. A reconnoitering party, however, exchanged shots with the enemy's scouts and the latter were driven off, leaving two men dead on the field. Tomorrow probably will determine whether the Japanese are strong enough to take Vafungow.

RUSSIANS CANNOT COMMUNICATE.

NEW CHANG, June 3, Morning.—Every effort on the part of the Russians to communicate with the Southern part of the Liao Tung peninsula has resulted in failure. The Japanese are in control of all avenues of communication, and they allow no messages to pass. With the exception of the authorities, the Russians in New Chang are daily growing more depressed at the outlook.

An officer of high rank, who has arrived here from Mukden, spoke as follows concerning General Kuropatkin:

"He is awakening to the fact that the Japanese are worthy of praise," said this officer. "He declares that their recent operations prove them to be among the greatest strategists in the world, and to this must be added great daring, capacity for work and ability to stand punishment. The General did not believe this before, but now it has been demonstrated."

The mills at Harbin are being worked day and night in grinding Manchurian wheat, and their daily output is estimated conservatively at 750,000 pounds of flour. The Russian authorities are encouraging the farmers to plant larger crops than ever before; they are not depending on the trans-Siberian railroad for the transportation of supplies.

GOVERNOR YATES SPEAKS.

SPRINGFIELD, Ill., June 3.—The Republican convention reconvened at 2:30 p. m. Governor Yates asked permission to make a statement. No objection was made and the Governor took the platform.

WOMAN MAY HAVE BEEN BURNED IN FIRE.

BERKELEY, June 3.—The firing of pistol shots that were followed by the cries of a woman and the strange disappearance of Mrs. Bertha A. Calhoun, whose residence on Telegraph avenue near Blake street was destroyed by fire last night, have given rise to the widely circulated rumor that she may have ended her life amidst the flames that furnished the funeral pyre for her remains.

So much credence is placed in the report by the firemen and neighbors of the missing woman that they have been spending the day searching among the debris in the belief that the ashes may disclose her charred body.

ATTRACTED BY SHOTS.

Robert Agers, a pioneer business man of Berkeley, who was the first person to reach the spot, shortly after the fire broke out in the cottage, at an early hour this morning, was attracted by the noise of two pistol shots fired in rapid succession. He heard a woman calling out "Fire! Fire!" but could not effect an entrance into the house. He turned in an alarm and while the companies were getting out their apparatus played a garden hose on the fire.

HEARD WOMAN CALLING.

Mrs. John Irwin, who was Mrs. Calhoun's closest friend, declares that she heard her calling after the fire had broken out.

"I am sure that I heard Mrs. Calhoun calling for help," she said this morning. "She and I have been very intimate friends for several years past and I don't think I could mistake her voice. I did not hear any pistol shots but there is no doubt but what she called out 'Help! Help! Fire! Fire!' several times. In a short time the firemen arrived but I am told that they could find no trace of Mrs. Calhoun."

WOMAN LIVED ALONE.

Mrs. Calhoun was of a retiring nature and although she had relatives living close by, did not mingle with them. She traveled back and forth from San Francisco and when in Berkeley lived alone in the basement of her cottage. The place was to have been occupied by tenants next week and last week she sent her trunk away. Her property is in a growing business section and she had recently refused good offers for it.

SHE WAS LONELY.

According to Mrs. Irwin Mrs. Calhoun was quite lonely and at times became despondent. She had two sons and one of these, Arthur, left about a month ago for the exposition, announcing at the time that it was his intention to send for his mother. The other son, William Calhoun is in the southern part of the State.

CANNOT LOCATE HER.

All efforts of the friends of Mrs. Calhoun to locate her have failed thus far. Her city address is unknown as she had changed her place of residence across the bay. Mrs. Irwin is laboring under considerable apprehension and fears that her friend may have perished in the flames and declares that she cannot believe the contrary until she sees Mrs. Calhoun in person.

JACK THE SWATTER IN JAIL.

Cleverly Captured By the Police Last Night.

Wanted in Alameda for Beating Young Woman.

ALAMEDA, June 3.—"Jack, the Swatter," is in jail. He is otherwise known as Milton Blake, a tall, pale-faced young man, who is well connected in this city.

He was arrested last night by the police on the charge of assault and he will be called upon to answer in an Alameda court.

Already he has been identified by two of his victims.

In his pockets were found women's side combs, hair pins and other little articles usually found in a woman's boudoir.

"Jack, the Swatter," has been in the habit of standing up women in Alameda and giving them a terrible beating. After he punished them in a manner which he deemed sufficient he would run away before his victims could call assistance.

Miss Annie Seebeck and Miss Kate Cronan were recently severely beaten by the "Swatter." For a long time he has given the Alameda police a merry chase.

BIG FIRE IN THE SOUTH.

FLAMES WIPE OUT ENTIRE BLOCK IN BAKERSFIELD CENTER.

BAKERSFIELD, June 3.—The entire block on the south side of Nineteenth street from K to L streets has gone up in smoke. The large livery stable and blacksmith shop belonging to H. H. Fish, Mayor of Bakersfield, a small fruit store, a barber shop, Roberts & Graves' meat market, the Q. T. saloon, the California restaurant, owned by Chinese, and several other small establishments have been completely wiped out of existence by the fire, which started at 11:30 this morning.

The entire block was of frame shacks and they burned like dry tinder, the several streams poured on them by the Fire Department being powerless to check the flames.

All Nineteenth street for two blocks is like a furnace, buildings on the opposite side being seriously endangered.

The fire has spread to the Palace Hotel on Nineteenth street on the west side of K street and the building has been damaged to the extent of several hundred dollars, but the fire is now believed to be under control.

From this point the flames would threaten the Arlington Hotel, Morrow & Hussey's great department store and a number of smaller establishments. A moderate wind is blowing.

All the horses and buggies in the livery stable were saved.

OAKLAND IS BOOMING—FIGURES TELL THE STORY.

During the month of May great building activity has been manifested, showing that there has been no diminution of the building boom which has been in full swing during the last two years. There were ninety eight plans for new buildings filed with Sanitary Inspector Gemmel.

Of this number fifty-eight were private dwellings. There were plans for two stores. Twenty-nine flats were commenced. Application for nine additions to buildings already constructed were made.

Plans for one bank and one cannery were also submitted, making the total of ninety-eight.

This was a record month as far as building permits are concerned. It is an increase of more than 100 per cent over four years ago.

KILLED IN BATTLE.

Four Thousand Japanese Shot By the Russians.

TOKIO, June 3, 6:30 p. m.—Total of the Japanese casualties at the battle of Nanshan Hill, on May 26, is 4,304. They are divided as follows: Thirty-one officers, including one major and five sargeant-majors and 713 non-commissioned officers and men killed; 100 officers, including one colonel, one major and 12 sargeant-majors, and 3,460 non-commissioned officers and men wounded.

RUSSIAN FAVORS FOR UNCLE SAM.

ST. PETERSBURG, June 3 (12:58 p. m.)—It is authoritatively stated that no negotiations have yet begun looking to a new commercial treaty between Russia and Great Britain.

The negotiations for a treaty to allow firms in the United States to sue in the courts of Russia and the United States, respectively, have been completed and the treaty probably will be signed by Foreign Minister Lamsdorff and Ambassador McCormick in a few days. Under the existing Russian law, United States corporations can be sued but cannot sue in the courts of the empire.

CONVENTION AT SAN ANTONIO.

GALVESTON, Tex., June 3.—At the session today the American Medico Psychological Association selected San Antonio, Tex., as the place in which to hold the next annual convention.

BIG STORM IN KANSAS.

Six Hundred People Are Now Without Homes.

KANSAS, CITY, June 3.—All tributaries of the Kaw river in Kansas are rising rapidly today and a serious flood is threatened. Railroad traffic is demoralized and many through trains are stalled.

The principal streams affected are the Kaw, the Smoky Hill, the Republican and the Marias des Cygenes. So far no casualties have been reported.

MANY HOMELESS.

At Newton, Kan., over 600 persons have been rendered homeless by a sudden rise in Sandy Creek, which flows through the north and west portions of that town. The rise in the creek was caused by a cloudburst and the water rose so rapidly that hundreds of persons were caught in their homes. Rescuing parties were immediately formed and hundreds of men worked all night rescuing the unfortunates. Morning found all removed to places of safety but with the water still rising and further heavy damage likely.

LOSS BY FLOOD.

At Emporia, four inches of water fell Thursday and the Cottonwood river rose during the night at the rate of six inches an hour, flooding the business portion of the town and causing

ENTERTAINMENT A SUCCESS.

PRESS CLUB NIGHT AT MACDONOUGH DREW A LARGE AUDIENCE.

Society turned out in force last night at the Press Club benefit given at the Macdonough Theater. The artists who appeared before the footlights were delighted with the appreciation of the audience and never performed their parts with more enthusiasm. The house was packed to the doors, every seat being sold. The occasion was pronounced by all to be an unqualified success, and it is safe to predict that the annual benefit of the club will take its place as one of the social functions of the year.

The performance was opened by Hearn and Lewis, monologists from the Novelty Theater. Their witticism and sayings were highly appreciated by the audience and they were vigorously encored. Williams did the third number, "[illegible] of Bismarck."

CHANCES AT THE HOME.

DIRECTOR SANBORN DID NOT EXPECT TO BE REMOVED.

The announcement in THE TRIBUNE of Saturday last that Messrs. Sol. Kahn, J. W. Scott and H. C. Capwell had been appointed by Governor Pardee to membership on the Board of Directors of the Industrial Home for the Blind in this city occasioned surprise, because it was not known that any change had been contemplated.

It was not published at the time whom the appointees were to succeed. It has since developed, however, that two of the new appointees are to fill vacancies which had been occasioned by the death of W. W. Spaulding, and the resignation of Mayor Olney. [illegible]

GUARDIAN HAS RESIGNED.

JOHN F. STEVENS RETIRES FROM YOSEMITE VALLEY.

YOSEMITE, June 3.—At the meeting of the Yosemite Valley Commissioners yesterday Guardian John F. Stevens, who has been in office four years, presented his resignation. The Board, after consulation, accepted it, to take effect on September 1st of this year. Stevens gave no reason for his action. His successor was not appointed.

Concessions dating from November 1, 1904, were granted by the Commissioners as follows: To Coffman & Kenney, saddle and livery business for four years; to J. B. Cook, Camp Yosemite for one year; to George Fiske, photographic studio for one year with the rental reduced from $250 to $1 in consideration of his almost total loss of property by fire recently. Mr. Fiske has been a resident of the valley for thirty years and is now 70 years old.

The Commissioners ordered a trail built from Gentries to the top of El Capitan. El Capitan has not been reached by the general public for years, and the new trail will afford a series of views, equaling, if not surpassing, the Glacier point trail. The trail will be extended to Eagle peak and the top of Yosemite falls, enabling tourists to see almost the full length of the valley on the north rim.

At the evening meeting a resolution was passed asking the Southern Pacific for better train service for Yosemite tourists. The board will adjourn tonight.

The fly, like the groundhog, must have, some day, seen its shadow and gone back for six more weeks.—Columbus Dispatch.

LOST LARGE SUM.

NEW YORK, June 3.—A wealthy Australian who arrived in New York ten days ago from London was swindled out of $25,000 by men pretending to be wire tappers. The story has just become public. On account of his large business connections and also because of the fact that he was equally guilty with the swindlers the Australian made no report of the matter to the police, but sailed on the following day for London.

It appears that the victim met a well known New York swindler in London three weeks ago. The New Yorker urged the Australian to come over, promising him great results on racing investments. The Australian came and was fleeced. After the coup it appears the man paid the decoy only $500 instead of the $12,500 which should have been his share under the agreement. In a fit of pique the decoy informed the police. During the past week losses of $5000 have been reported by other victims of swindlers operating in the same manner.

REPUBLICANS HOLD ELECTION.

The drill corps of the Young Men's Republican League held an enthusiastic meeting last evening at the court room of Judge Quinn. The meeting was called for the purpose of electing officers to manage the club during the Presidential campaign. The officers chosen were as follows: Captain, J. F. Kick; first lieutenant, G. W. Nickerson; second lieutenant, W. J. Garibaldi; secretary-treasurer, Phil Krepper. L. Moreno was appointed quartermaster-sergeant and Louis Asher standard-bearer. After vigorous remarks by the members present the corps adjourned until June 23.

There will be games of baseball, tugs-of-war and other diversions.

The party will arrive home about 7 o'clock. Tickets will be kept on sale at the First M. E. Church until 9 o'clock this evening. No more tickets will be sold than the Government permit specifies.

PASS RESOLUTION OF RESPECT.

ALAMEDA BAR ASSOCIATION REMEMBERS UNTIMELY DEATH OF GEORGE S EVANS.

Out of respect to the memory of the late George S Evans the Alameda Bar Association met at 12 30 o'clock today and passed resolutions of respect to his memory Department one of the Superior Court contained a representative number of well known attorneys of this city when Judges Ellsworth Ogden Melvin and Greene took their places upon the bench and listened to a motion made by Attorney Clarence Crowell who on behalf of his friend presented the resolution and in offering them paid a touching tribute to the deceased In this connection he said in part

It is with much sorrow that I announce to this court the death of George Samuel Evans an officer of this court and one of the bright young attorneys of this bar In his death a fountain of what was pure and good is dried up He was the only comfort of an invalid mother and aged father

My friend had a beautiful character and in the months we were together I feel as though I had lost a brother It was only a short time ago we left us to go away on a little excursion to the country and taking my hand told me he was going to catch me a fine string of fish We will see him no more Our respect to his integrity and sterling qualities I wish to move you that the following resolutions be adopted and spread upon the minutes of the court

Resolved By this court and the members of the bar of Alameda county in meeting assembled that we learn with sincere regret and deepest sorrow of the death in the morn of early manhood of George Samuel Evans The short time allotted to him to serve as an attorney of this court has been sufficient to show him to have been faithful to every trust sincere in every purpose loyal in every upright and unflinching in the protection of the good name and integrity of this bench and bar and

Whereas His career not only in his profession but in all the walks of his life was one of which his friends may well be proud and

Whereas He has fulfilled every trust imposed upon him in life faithfully and well and was a respected honored and trusted friend loved and revered in his family relations and

Whereas He leaves behind him a name unsullied a character unmarred and a reputation unquestioned and

Whereas We look with pride upon his life His ability as a lawyer and his faithfulness as a public official and citizen and sincerely regret the loss of his noble influence to our profession now therefore be it

Resolved That this court and its officers this day in open court assembled tender to the family of our late friend its sincere sympathy in his the hour of their supreme sorrow and bereavement and be it further

Resolved That the resolutions be spread in full upon the records and minutes of this court and that a copy hereof be transmitted to the family of the deceased friend

Ex City Attorney Johnson seconded the motion and said I take pleasure in adding myself to this opportunity to add what has been so beautifully and appropriately said by Mr Crowell I believe the death of our friend is a distinct loss to the community and his memory will remain with us as a sweet and pleasant one

In resigning for the bench Judge Melvin said that it was with a feeling of illness that the order is made to have his sorrowful duty performed It is the order of this court that these resolutions become a part of the records of this court

TROUBLE OVER U. C. BIDS.

CONTRACTOR TAKES THE CASE INTO THE SUPERIOR COURT.

SAN FRANCISCO June 3—The Board of State University Regents was sued yesterday by the Wilson Lyon Construction Company a writ of mandate being asked to compel the Board either to award the contract for the brick and granite work for the new California Hall at Berkeley to the company or to reject all the bids received and call for new proposals The company alleges that its bid was the lowest that was opened on May 6th and that there is a seeming disposition on the part of the Regents to favor the Raymond Granite Company The complaint states that the call for bids provided that they should be filed by noon on April 25th and that the only bids thus filed were as follows Gale $1 99 Raymond Granite Company $1 2 990 Thomas Butler $121 800 Wilson Lyon Construction Company $108 000

On April 26th the Raymond Granite Company filed a statement that it had made a mistake of over $20 000 in its bid and it offered to do the work for $112 450 It is contended in the complaint that this reduction in the bid should have not been considered as it came too late The Regents referred the matter to the Committee on Buildings and Grounds and this committee the complaint states concluded to accept the Raymond Granite Company's reduced bid although it was higher than the bid submitted by the plaintiff

J J Ensign H M Owens and F J Hennessy attorneys for the plaintiff secured yesterday an alternative writ of mandate from Judge Murasky to whom the suit was assigned the writ being made returnable on June 17th

Attorney Ensign says that the only reason given by the Regents for their inclination to give the contract to the Raymond Granite Company is that this company's representative offered to do the work in a shorter time than the plaintiff's company wanted After the bids were opened the architect proposed that the work be finished by September 15th but the plaintiff considered this period too short

DENIES DIVORCE FOR INSANITY.

POOLE CANNOT GET DECREE AND JUDGE OGDEN TALKS ON MARRIAGE

Judge Ogden yesterday denied Chas W Poole a divorce from his insane wife Elizabeth K Poole The case occupied most of the day in trial Poole alleged slovenly housekeeping and incompatibility of temper In denying the divorce Judge Ogden said

The marriage ceremony says for better or for worse The fact that the defendant was suffering from a form of insanity was all the more reason that the plaintiff should not be granted a divorce Divorce is a protection for the future It is not intended for a punishment for past deeds The plaintiff in this action is amply protected for the future—as perfectly protected as it is possible for the State to make him

Mere slovenliness is housekeeping to the extent brought out in the evidence in this case is not ground for divorce And it occurs to me that it is quite probable that a woman of Mrs Poole's age who has borne five children could not give sufficient attention to the work about the house to keep it in perfect order

Incompatibility of temper to the extent shown in this case is no ground for divorce here In some cases it might be—some places they go so far as to countenance free love—but not in our Christian State

The plaintiff in this action is unfortunate but we all have our troubles to a greater or less degree

The decree prayed for in this case is denied

Mrs Poole is confined in the Stockton Asylum for the Insane She was represented in the case by J J Burke guardian ad litem It is possible that an appeal from Judge Ogden's decision may be taken

STRUCK ON FACE BY TONGUE.

PAINFUL EXPERIENCE OF STENOGRAPHER SPENCER RILEY.

J Spencer Riley, one of the official stenographers of the Superior Court of this county bears marks upon his face which would indicate contact with claws of a catamount while his left jaw shows such development as might have been occasioned by contact with the fists of Jeffries These are external evidences while within his mouth there are several teeth with a well-developed tendency to leave their sockets and to drop into the oesophagus

The injuries were sustained by the glancing blow of the tongue of a wagon, owned by a man named Hassler which was raised high in the air by a spirited horse which had been "frightened by the chu-chu of Mr Riley's motorcycle yesterday on the San Leandro road near Fruitvale

Riley was driving his flying motor along the road in the direction of this city One of the horses of a team directed by Hassler climbed heavenwards and in the direction of Riley at the same time as the cyclist approached

Riley veered to the right to get out of the way of the team which was going in the opposite direction The frightened animal however made directly for the cyclist as if to trample him to the roadway Riley looked upward at the animal which towered above him believing that he would be crushed to death beneath the horse which could not do otherwise than fall upon him

He managed however, by narrow margin to escape the mountain of horse flesh but the descending tongue struck him on the jaw cut his cheek and lips so that he bled copiously, loosened his teeth threw him off his motor strained his wheel and finally felled him in a heap to the ground The team however continued on its way though some time elapsed before the frightened animal came again under control Riley will be compelled to nurse his injuries for many days

At a conference held by Yates Deneen Hamlin and Sherman before the afternoon session was called to order it was agreed to throw all the strength of these candidates to Deneen

FOUND GOLD COIN.

Police Make a Big Haul at Home of Jos. Ferro.

The mystery of who robbed David F Selby the candy manufacturer of $1600 on the steamer Piedmont may be cleared up by evidence in the case which was discovered last night Information was conveyed to the police to the effect that Joseph Ferro residing at 370 A street and John Lee residing at 333 Louisa street both deckhands on the steamer Piedmont had been seen to pick up a small valise on the ferry boat the day of the alleged theft and to have turned the property over to the proper authorities This afternoon Chief of Police Hodgkins detailed Detective Quigley and Patrolman Tobin on the case A search warrant was issued and the homes of Lee and Ferro searched

At Lee's home there was nothing found A diligent search of the premises at the Ferro home resulted in the finding of $1000 50 The presence of this money is explained by Ferro and his wife by stating that it belongs to two orphans who are in their custody The money they allege is pension money received from the United States Government for the disability of the father of the children John Williams of the Duval In this contention the couple are supported by the documents in the case and it is by no means certain that the money found by the search warrant proceedings is the money lost by Mr Selby

The matter was taken up before Police Judge Samuels this morning but the ownership of the money was not established Then little evidence was taken and the case went over for a week so that it may be more thoroughly investigated

Ferro has been employed by the Southern Pacific Company for the last twenty seven years and has never been in trouble before Relative to the money found at his home he says

The father of the two children applied for a pension a little more than a year ago Since then he died The pension was obtained through Pension Agent Shepard We had the money in the Oakland Bank of Savings but drew it out when he run was made on the bank My wife and I are the guardians of the two children We can account for every cent of the money received by us from the Government

Patrolman Tobin and Detective Quigley state that they saw the pension papers and also the papers appointing Ferro and his wife the guardians of the two minor children

The money is now in possession of the police Mr Selby is not able to identify the money

SAN FRANCISCO June 3—In the Superior Court today Judge Cook continued the hearing of a motion for a new trial in the case of Mrs Cordelia Botkin until August 8th.

GARBAGE MEN ARE BEATEN.

Scavengers Want to Compromise With Company.

When five of the scavenger cases were called in Police Judge Samuels Court this morning Attorney James Creeley representing the defendants asked that the suits be continued for one week Mr Creeley stated to the Court that he thought by that time that a compromise between the Pacific Incinerating Company and the scavengers could be effected making it unnecessary to try any of the remaining cases There are eight three cases coming up in Police Judge Smith's Court tomorrow Mr Creeley stated he would also make a motion to have these cases go over pending the compromise

This is the first time since the scavengers commenced defying the garbage ordinance that they have publicly acknowledged defeat

The frequency of their arrest since Mayor Olney decided to enforce this ordinance had a great effect in deterring the scavengers from continued violation of the law Their defiance thus far has cost them a tidy sum and in event of carrying through all the litigation now pending it would nearly bankrupt the garbage men

LARGE LOSS BY RUSSIANS.

GENERAL STOSSELE GIVES REPORT SHOWING HEAVY CASUALTIES.

ST PETERSBURG June 3 5 55 p m —The Russian losses in the fighting at Kinchou are officially stated to be 30 officers and 700 men killed or wounded These figures were given in Gen Stoessel's report which has reached the War Office It is dated May 8 The method of its transmission to Viceroy Alexieff is not disclosed but it is presumed it was taken by a Chinese junk to New Chwang Evidently it was written under stress as it was hastily penciled The account says the attack began May 21 and culminated on the evening of May 26 The real fighting was practically confined to May 25 and May 26 the Japanese remaining quiet the two preceding days General Stoessel reports that owing to the absence of the support of warships against the Japanese artillery fire at the time of the final assault on the Russian positions at Nanshan hill during the evening of May 26 he at 8 o'clock gave the order to blow up the guns and retire The General explains that the order was only partially executed as the enemy's flank movement necessitated promptness in retreat which he says was carried out with great coolness thus accounting for the small number of the Russian losses Gen Stoessel also says the enemy's losses must have run far into the thousands the Japanese mortality in storming Nanshan hill being frightful

Gen Stoessel pays a high tribute to the Russian troops and refers in terms of the warmest praise to the skill and courage displayed by Gen Fock whom he recommends for the St George's Cross He does not mention that Fock was wounded from which the general staff assumes that the report to this effect was untrue

As Gen Stoessel especially praises a regiment which was not in Gen Fock's division the general staff concludes therefore that five regiments or about 15 000 men were engaged on the Russian side

Michael Angelo Calderella, supposed to have been the girl's husband is missing.

CANNOT FIND A MILLIONAIRE.

ERIK LINDBLOM HAS NOT PAID HIS WASH BILL.

Now it is Erik Lindblom who is playing hide and seek with the constable. A few months ago Deputy Sheriff Murdock had to break in the bathroom door of Mrs. Lindblom's private residence in Berkeley to serve her with a subpoena. She had hidden there in an effort to escape a summons. The constables are now after the Nome millionaire in an effort to collect a $74 wash bill. He is due to sail this evening for the scene of his operations in the far north and for the past five days he has eluded the efforts of a number of persons who have been trying to get him located long enough to read a court order to him. This afternoon the chase was about given up.

The suit is brought by W. E. Deane for the Oakland White Star Laundry and Lindblom's realty has been attached to satisfy the claim and an effort to serve him with a summons has kept several men in a flurry. Telephones to where he is residing bring a response from a young lady who says that she will give him a message but will not tell where he is or how to reach him and it looks as though Lindblom will be able to sail, leaving his laundry bill behind him unpaid.

On the seventieth ballot Lowden gained about fifteen votes. Seventy-first ballot, official.

SPRINGFIELD, June 3.—Seventy-second ballot, official: Yates, 363; Lowden, 614½; Deneen, 347½; Hamlin, 83, Warner, 30, Sherman, 40; Pierce, 24.

OFFICERS ARE IN CONTEMPT

They Refused to Obey the Command of the Judge.

SAN FRANCISCO, June 2.—Captain Frank A. Norman, chief clerk to the Chief of Police, and Detective Sergeant Edward J. Wren were arrested at noon today on attachments issued by Judge Carroll Cook of the Superior Court charging them with contempt of court. This afternoon Detective Jerry Dinan was arrested under the same process on a similar charge. The trio were taken before Judge Cook at 2:30 o'clock for their hearings.

At the same hour William B. Kennedy was brought into court on a writ of habeas corpus, his frequent and continuous arrests being the cause of the arrest of the peace officer. Judge Cook feels that the Police Department has been trifling with the courts.

JUDGE COOK IS ANGERED.

"I want to end this matter and to find out what this sort of thing means," declared Judge Cook when the two officers arrested at noon were brought into court. "If the facts set forth in this affidavit of the defendant's attorney be true, somebody is guilty of gross contempt of court and will suffer."

"I didn't touch him," is the defense of Wren. He did walk along, however, while Dinan held Kennedy with a grip of iron. Norman had no excuse to offer.

After every court into which he has been taken has declared that the police were acting illegally in hold Kennedy, whose alias is "Yellow," and in face of a threat from Judge Cook announced from the bench to cause the arrest of any policeman who should add further to a farcical performance, Detectives Jerry Dinan and Edward J. Wren threw precaution to the winds this morning and seizing Kennedy, rushed him back to the City Prison.

ASKS DETECTIVES' ARREST.

Attorney Newberg at once prepared a petition to Judge Cook asking for the arrest of the detectives and Captain Norman. He detailed that they had given no respect to the orders of the court violated their duty and infringed on the rights of an American citizen. "I don't care who the man is, when the police have no case against a man they should not incarcerate him merely as spite work," said Newberg.

There was considerable excitement during the hearing of a writ of habeas corpus before Judge Cook. Chief Clerk Frank Norman was arrested for contempt of court, but subsequently his explanation that he had misunderstood the order of the court was accepted and the contempt order set aside. Then came the second order for his arrest.

LOOKED FOR AN ISLAND.

TACOMA COULD NOT FIND THE MISSING LAND.

SAN FRANCISCO, June 2.—The U. S. cruiser Tacoma, which sailed from Honolulu on May 20, arrived here today.

Instead of following the direct course from the Hawaiian metropolis to this city, the Tacoma made a detour toward Panama in order to locate, if possible, an unknown island on which the warship Levant is thought by some mariners to have been wrecked in 1860. The alleged island was first reported by Captain John Degreaves in 1819 but its existence has never been verified.

The investigation made by the Tacoma revealed nothing.

No uncharted island was seen and the soundings made failed to indicate anything of importance to navigators.

EVADED JAPANESE.

ST. PETERSBURG, June 2, 6:38 p. m.—Lieutenant-Colonel Gourko, who succeeded in eluding the Japanese on the Liao Tung peninsula and reaching the Russian headquarters at Mukden, is attached to the staff of General Fock, and was the bearer of important information regarding the fighting at Kin Chou and the situation at Port Arthur. A long dispatch is now being deciphered at the War Office. It probably contains the intelligence brought by Lieutenant-Colonel Gourko, and it is believed at least a portion of it will be given out tonight.

According to information in possession of the General Staff the enemy has five divisions and five reserve corps, about 80,000 men in the Liao Tung peninsula, and at least seven divisions and seven reserve corps, or about 125,000 men, in Southern Manchuria.

Although the impression prevailed among the members of the General Staff that General Kuroki's purpose was to make feints to prevent General Kuropatkin from moving, but not to attack him until the result of the campaign against Port Arthur is determined, there is now apparently more inclination to think he will try a demonstration in force, which might result in a decisive engagement. The Japanese commander is constantly shifting his columns back and forth to conceal his real purposes, the latest reports received being that he has again abandoned Saimatzsa, north of Feng Wang Cheng.

All the reports received at General Kuropatkin's headquarters from the Kwan Tung peninsula are increasing the extent of the Japanese losses at Kin Chou, one making the number at about 20,000 men. Accurate reports of the Russian losses, as well as of the Russian forces engaged, were probably brought by Lieutenant-Colonel Gourko to Mukden from Port Arthur.

BANKING BY MAIL

In many Eastern Cities is growing to large proportions with a tendency to increasing popularity.

The depositor encloses a check or postal order and pass-book in an envelope and sends them to the Bank through the mail. The pass-book is returned the same way. It saves the time of a busy man, and is perfectly safe.

This system prevails not only between distant cities, but between such near-by points as Oakland and Berkeley and San Francisco and even between different sections of the same city.

Boycotting Memorial Day

An interesting question from Sacramento is to be brought before the Musicians' Union. The members of a band that played in the Memorial Day parade are to be charged with violating the laws of the union by playing in a parade in which non-union musicians participated.

The facts of the case are thus stated by the Sacramento Bee, which is generally exact in such matters:

"The Memorial Day parade was about to start. At its head was a band, formed of union musicians, employed by a citizen who generously desired to supplement the drum corps which had given its services free to the veterans. J. W. King, president of the union, rode up on his wheel and informed the band men that they could not play in the parade, inasmuch as the drum corps were not members of the union. There was a heated discussion, and King threatened he would bring up the matter before Mayor Schmitz, the executive officer of the musicians' general organization. It was then that Grand Marshal Phil O'Neil indignantly exclaimed, 'To hell with Mayor Schmitz!' and demanded to know what he had to do with the parade of the Sacramento veterans. President King left the scene upon the statement of the drum corps that they would join the union, the band men marched and played."

To the Bee Mr. King made the following statement:

"The union musicians had no right to go out under the circumstances, even on a promise from the drum corps that the latter would join the union. The by-laws of the union expressly forbid anything of the sort. A promise to join is not sufficient. The initiation fee—which is $10.75—must be deposited for each man, and a receipt from the union obtained, in such a case, before the union men can march out with the non-members. This was not done in the present instance."

Here a broad question is raised. Some years ago the Federated Trades boycotted the public celebration of the Fourth of July in San Francisco because some non-union bands were employed to play in the parade. By actual canvass it was found that 80 per cent of the Musicians' Union which instigated the boycott of the national anniversary were of foreign birth and 70 per cent of them had never been naturalized. It was observed that the heavens did not fall nor the parade lack enthusiasm and numbers by reason of the boycott. It was observed also that the music was fairly good and was produced by American citizens.

If we understand the matter, the position of the union is that no member of a union can participate as a paid employe in a parade in which non-union mechanics participate gratuitously. The drum corps gave their services free of charge, but the union could not stomach their presence in the parade, even on Memorial Day.

Where is this thing going to stop? Shall we in time be required to look for the union label on the wafer and the communion bowl? If union and non-union men may not walk in the same crowd in national celebrations, can they worship together at the same shrine or eat in the same restaurant?

Perhaps the laws and rules of the Musicians' Union are wise in the main, but there arise peculiar conditions and circumstances under which their enforcement is worse than folly. In the Sacramento case the enforcement could not possibly do the union any good, and it did outrage public sentiment. It is not safe to trifle with reverence for the memory of the nation's heroic dead nor to cast insult at the flag and the national anniversary. There are some things a wise man declines to see, or if he does see affects to ignore. But the president of the Musicians' Union of Sacramento is apparently far from being a wise man.

Apparently the members of the Musicians' Union do not comprehend the fact, that this is a free country in the full sense of the term, nor do they appear to grasp the real significance of Memorial Day and the Fourth of July. When the nation was in peril, the men who lined up in its defense were all Union men, but they were not of the kind that boycott the Fourth of July because its celebrations are open for all citizens to participate in. They did not fight and die in vain nor are the institutions they strove to preserve to be overturned by petty labor despots as lacking in sense of decency as they are in common sense and respect for the rights of others.

Taxation in Alameda County

The burden of taxation in Alameda county is lighter than in the other large counties of the State, as a rule. No proper comparison can be made between Oakland and San Francisco as regards the tax rate because San Francisco has a consolidated municipal and county government and occupies a small territory. It is besides one of the wealthiest cities in the world, and the tax rate is made low by the enormous assessed valuation.

In Alameda county the valuation for assessment purposes is comparatively low, yet the rate of tax for all purposes stands favorable comparison with the tax rate in other leading counties of the State, as the appended table will show:

City and County.	City Rate.	State and County.	Total.
Los Angeles	1.40	1.20	2.60
Sacramento	1.23	1.80	3.03
Fresno	1.20	1.70	2.90
Santa Clara, San Jose	1.24	1.17	2.41
San Diego	1.48	2.06	3.54
Riverside	1.70	1.83	3.61
San Joaquin, Stockton	1.55	1.35	2.90
Alameda, Oakland	1.26	1 37	2.63

Only in the single county of Santa Clara is the tax rate appreciably lower than it is in Alameda county. In Los Angeles the rate is only three-tenths of a mill lower than it is in Oakland and Alameda. The rate of taxation is higher in Sacramento, Fresno, San Joaquino and San Diego thin it is in this county.

The counties selected for comparison are the leading counties in different sections of the State. All the counties of the larger class, Santa Clara alone has a lower rate of taxation than Alameda. In the city of Los Angeles the municipal rate is $1.40 against $1.26 in Oakland. At the same time the Los Angeles city assessment is relatively higher than ours, the assessment for municipal purposes in Oakland being precisely the same as the assesment for State and county purposes. In nearly all the other cities of the State, San Francisco excepted, the municipal assessment is considerably higher than the State and county assessment.

If Frederick Ward is really in earnest about reconciling the stage with the church, he would do well to sprinkle the former liberally with holy water. A little soap thrown in would not be amiss.

Will the Sacramento Musicians' Union boycott the Resurrection because the Angel Gabriel does not belong to the union?

The Fresno Republican says "the character of a woman is to be judged by the height of her heels." By the same rule, the intellectual caliber of the editor of the Renublican is to be judged by the size of his feet.

Senator Bard Getting Into Politics

Senator Bard is in danger of getting into politics. We fear the good man is being seduced into the paths of the wicked by some scheming politician who has taken advantage of the guileless simplicity and trusting confidence of the noblest Roman of Huememe. It is most regrettable that the snares of the ungodly should so encompass the very righteous and make a mock of virtue.

A dispatch from Los Angeles says "Senator Bard is not talking much, but is working hard." We are also informed that he is to select a campaign manager, but is undecided whether to bestow the peacock feather of authority on his business partner, T. D. Perkins, or ex-Senator Bulla of Los Angeles. It is further stated that he is not unmindful of the fact that it requires work to secure a United States Senatorship.

Pray excuse these tears, but it is sad to see a good man succumb to the temptations of a vain world and a hardened generation. Senator Bard selecting a campaign manager and working hard for re-election; How are the mighty fallen! Surely Senator Bard must be the victim of some designing person. It is too bad.

Uncle Joe Cannon may be able to make the House of Representatives do quick business, but he is up against it when he attempts to have an Illinois convention make a quick finish.

Bryan dominated the Democratic State convention of Nebraska, but the platform is mild as the cooing of a sucking dove. It contains no hint of free silver, and its reaffirmation of the Kansas City platform is brief and perfunctory. Apparently Mr. Bryan is in no mood to proceed to extremities. He seems disposed to acquiesce in advance in what will be done at St. Louis. Those who looked for flat rebellion on his part in case Judge Parker should receive the nomination appear doomed to disappointment. As soon as Mr. Bryan found that the procession was prepared to move without him he felt an increased desire not to be left behind. We shall yet see him bravely following Dave Hill's broken hawk's feather.

While William J. Bryan still retains control of the Nebraska Democracy, nobody seems to care a darn about it. So far as the Democrats are concerned, Nebraska is not a pawn in the Presidential game this year.

AN IMPROVEMENT SOCIETY'S GOOD RULES

Here is a statement of the purposes and objects of the South Central Improvement Association:

1. To secure asphalt streets throughout the district as soon as practicable.
2. To secure uniform pavement of all alleys.
3. To thoroughly flush or clean streets and alleys.
4. To compel observance of clean street ordinance.
5. To take proper care of all vacant lots and parkways.
6. To co-operate with city officials and employes.

Last month the association sent out a special circular to all its "friends and patrons." The letter asks those who receive it to co-operate with the association in the following directions:

1. Stop sprinkling of asphalt streets.
2. Prevent throwing of anything in street alleys and vacant lots.
3. Removal of all kinds of advertising signs.

This applies forcibly to Oakland at the present time.

Hints for the Ladies.

should never be set flat on the table or shelf, but should be set on end, one loaf against another, and wrapped closely round with a clean cloth. This makes the crusts tender by keeping in the steam.

Sliced young onions and ripe olives make an excellent spring salad. The ripe, black olives are to be had in all large grocery stores. The taste for them sometimes has to be cultivated, but once the palate becomes accustomed to them the green ones seem insipid.

Salted pistache nuts are delicious for the tea table. The nuts may be had at any of the pretentious fruit stores. The nuts should be carefully cracked, or, better still, split with a small knife and the outer skin removed. Heat slowly in a cool oven and shake in fine salt.

The market man does not always scale fish thoroughly. A cloth wrung out of cold water and dipped in cornmeal is excellent for removing the last scraps of scales. Rubbing ducks and geese with cornmeal after plucking them is also advised. The down disappears like magic.

Wire screens for doors and windows are among the summer's necessities for the kitchen. If one would be rid of flies. Still more essential is absolute cleanliness in the disposal of garbage, so that there will be little to attract flies. A wooden garbage pail is apt to absorb odors and impurities the best one can do. A galvanized pail with a cover is best, though a big tin kerosene can with improved bail of strong wire is often used in farm kitchens. Never leave it standing in the kitchen. When the work is finished set it outside the door and cover. Scald out every time it is emptied and dry it in the sun.

Cooking-school experts say that cabbage, onions and strong-smelling vegetables should be cooked uncovered. There is an odor, of course, but the drafts quickly disperse it, whereas if the saucepan is covered a very strong odor is diffused every time the lid is disturbed, which permeates the house.

After sweeping the carpet rub it over with a cloth wrung out in vinegar and water, and if possible do not let it be walked upon until it is dry. The quantity of vinegar is a teacupful to a pail of warm water and this treatment often has a wonderfully good effect in reviving the faded color of an old carpet.

The possibilities of common ginger jars as flower vases and plant holders are well known. They are made twice as attractive by woven covers of raffia, either in the uncolored or tinted varieties. When the jar shows splashes of blue, green or red at the top of the glaze it is well to repeat the tone on the raffia.

When silver has been lying away for some little time it is often difficult to clean. Try the following plan: Dip a cloth in sweet oil first, and then in prepared chalk or whiting. Rub the silver with this until the stains disappear, and then polish it with dry whiting, giving a final rub with a clean chamois leather.

A zinc covered table is a convenience in the kitchen, as hot things can be set directly onto it, and it is easy to keep clean. Pine-top tables look spick and span when they are scrubbed carefully, but that means a constant expenditure of strength and time. Tables with hardwood tops covered with kitchen oilcloth save a great deal of time and labor.

A LESSON IN GRAMMAR.

The owl blinked her eyes as she woke from her nap
When the stars twinkled up in the sky,
And she stretched out her wings and she gave them a flap
As she uttered her usual cry:
"Tu whit! tu whoo!
It's time I flew
To hustle a good square meal,
For I ain't et
No breakfast yet
And peckish is how I feel."

The noise she made woke the secretary bird
And he listened with aspect severe.
Says he to himself, "I haven't never heard
Worse language, I'm sure, than this here.
"Tu whit! tu whoo!
A lady, too!
It isn't what I'd expect,
It's up to me
To speak to she
And learn her to talk correct."

He coughed to attract her attention at once
And he said to that heedless old owl:
"I regret to assert them's the words of a dunce:
You're a most ungrammatical fowl.
"Tu whit! tu whoo!
I think that you
Would fill a purist with gloom.
Your nightly song
You've got all wrong,
You should say, 'Tu whit! tu whom!'"

EDWARD MURPHY OF SAN FRANCISCO FOUND UNCONSCIOUS IN WEST BERKELEY.

BERKELEY, June 3.—Edward Murphy, whose home is at 32 Clara street, San Francisco, was found lying in an unconscious condition in a vacant lot at San Pablo avenue and Page streets this morning, and now the police are engaged in an active search for his assailant.

According to the injured man, who regained consciousness after being treated by Dr. C. F. Gladding, he was struck in the stomach by a baseball bat. He claims he would know the man who struck him if he were to see him again.

According to the story that has reached the ears of Marshal Kerns, who is investigating the affair, Murphy has been loitering about the Western Hotel bar-room on San Pablo avenue, and that all efforts to make him leave the place have been fruitless. Deputy Marshal Carey, who has been detailed on the case, is now searching for Thomas Woods, the bartender of the saloon, but he could not be found this afternoon.

It is feared Murphy may die.

THE JUNE BRIDE.

She wears white.
A real lace veil is to be desired.
Satin duchesse is conventional.
Oriental crepe is truly beautiful.
Antique family laces are a prize.
Tulle veils are usually more becoming.
Orange blossoms form the graceful couronne.
Real lace veils are not invariably voluminous.
A tulle veil usually falls to the end of the train.
Delicate white orchids are in request for bouquets.
Tulle effects mark the prettiest of bridal corsages.
Lace flounces in festoon effect are caught with orange blossoms.
A prayer book bound in snowiest white leather is much liked.
Lily of the valley is favored for the chief bouquet of the occasion.
Absolute white and blue white are too often hideously unbecoming.
Ivory white is the favorite tone for bridal finery, being usually becoming.

HINTS ABOUT SHOES.

Never try to wear a shoe too small or that does not fit when you first put it on.
There is no misery more distracting than a shoe that hurts the foot.
Never let your shoe get hard and dry.
Don't let them run over.
Don't let the heels run down.
Don't dry a wet shoe till you have rubbed it well with a flannel cloth and then with vaseline.
Never put shoes near the stove.
Half a peck of oats, kept in a small box, will be the very cheapest and best filling for a wet shoe. Fill the shoe and shake the oats down, after having rubbed and oiled it, and set in a dry place to dry gradually. When dry pour the oats back for further use.
Take a wet rag and wash the shoe at least once a week and oil over night to keep in good condition.
Never handle patent leather until you have warmed it.
Never wear galoshes with good shoes.
There is no part of a woman's dress which should be more scrupulously neat or that is so often neglected.

PASS ON MUCH STREET WORK.

COUNCIL COMMITTEES RECOMMEND MANY IMPROVEMENTS THROUGHOUT CITY.

There were many routine matters before the Street Committee of the City Council, which met last night.

The matter of connecting the proposed sewer in Alcatraz avenue with the sewer in the same avenue on the Berkeley side of the line was laid over. It seems that the Trustees of Berkeley reserved to themselves the right of revocation of the permission. Mr. Poirier, who owns much property in this vicinity did not wish this reservation to be incorporated into the resolution before the committee. He claimed it might at some time work almost irreparable injury to the property-owners.

It was decided to hold an interview with the Trustees to see if the objectionable clause could not be stricken out.

It was recommended by the committee that the proposed improvement of Telegraph avenue by the laying of bitumen be carried through. Hillhouse & Reardon showed they had a majority of the frontage signed up.

Councilman McAdam was slightly opposed to recommending the ordinance because the cost of bituminizing might fall heavily on small property-owners.

The petition of the Hutchinson Company to be allowed to macadamize Piedmont avenue, from Broadway to Moss avenue, was favorably passed on. Sixty days were allowed for the work.

It was recommended that a sewer in Seventh street be laid from Jefferson street 150 feet east.

It was also recommended that sewers be laid in Forty-first, Forty-second and Forty-sixth streets, from Linden to Market streets, and in Forty-third, Forty-fourth and Forty-fifth streets, between Linden and Grove streets.

The protest against sewering Channing street, between Ross and Fifty-eighth streets, was recommended to be overruled.

The resolution of intention of improving Grove street, between Fifty-eighth and Sixtieth streets, was recommended. The City Engineer was authorized to draw plans.

A resolution appropriating $493 for the filling in of Harrison street was favorably passed on.

The petition of Mrs. Lizzie Reiley to postpone the construction of sidewalks on Fifty-sixth street, between San Pablo avenue and Lowell street, was recommended. The work will be delayed until next October.

It was recommended that the grade on East Fifteenth street be changed to conform to the official grade.

It was recommended that the grading, curbing and macadamizing of East Eleventh street, from Second to Fourth avenues, be laid over for six months. The property-owners agreed not to protest at that time.

The following resolutions of intention were recommended: Macadamizing Sixty-fourth street, from San Pablo avenue to West street; sewering Alcatraz avenue, from Colby to a point 1161 feet east; sewering Eighth street, from Franklin to Webster streets; paving Eleventh street, from Franklin to Webster streets.

City Engineer Turner submitted a report stating that the cost of paving Twelfth street in the vicinity of Lake Merritt dam would be $3000. It was recommended that a resolution for doing the work be passed.

STREET LIGHTING CONTRACT FIXED.

The contract of lighting the streets of Oakland for the ensuing year was recommended to be given to the Oakland Gas, Light and Heat Company by the Street Lighting Committee of the City Council last night. The rate is $7.25 per month. This is the same charge as made last year. The city electrician will be given the authority under the new contract to order lights turned on or off on moonlight nights, which may be foggy or otherwise.

F. A. Leach Jr., representing the gas company, said that the city had saved $22,000 during the last year by the method of lighting in vogue. This, he said, was a vast improvement over the old methods.

BALTIC FLEET.

NEW YORK, June 3.—Russian naval contractors have been advised that final preparations for the Baltic fleet must be completed by the first week of August, says a Times dispatch from Paris. This information is supplemented by another dispatch from St. Petersburg suggesting the fleet perhaps will not start at all if Port Arthur falls into the hands of the Japanese.

Another St. Petersburg telegram says two submarines will be started for the Far East today, two others will start within a fortnight and two more within a month.

SPECIAL COUNSEL IN WATER CASE.

MAYOR AND COUNCIL DISCUSS CONTRA COSTA SUIT.

The question of employing special counsel to assist City Attorney McElroy in the litigation promised over the new water rates was taken up last night between Mayor Olney, City Attorney McElroy and various members of the City Council. Nothing definite was decided on, but the names of several prominent local lawyers were suggested. Among those mentioned were Attorneys R. M. Fitzgerald, W. B. Davis and Judge Garber.

It was the opinion of those present that the quickest way of solving the vexed problem was to press the new suit with vigor, instead of waiting for the old suit of 1900 to be appealed to the Supreme Court.

At the conclusion of the conference, Mayor Olney and City Attorney McElroy, who are familiar with the legal profession, were considered better able to judge of the ability of the lawyers to be employed by the city, and were empowered to chose an attorney to assist in the case now pending in the Circuit Court in San Francisco.

BUSINESS OF THE FINANCE COMMITTEE

The Auditing and Finance Committee of the City Council recommended the resolution calling for eighty-eight call men to be employed by the fire department on the 3d and 4th of July. The resolution also provides for six new men to be regularly added to the department for duty at the Santa Clara engine house.

The resolution authorizing the Board of Public Works to purchase a lot between Telegraph and Shattuck avenues and Fifty-first street was recommended.

The rejected claim of Jerry Weiss for a rebate on his saloon license, which was rendered useless by the destruction of his place by fire, was referred to City Attorney McElroy for an opinion.

NEILL MAKING A GOOD FINISH.

James Neill is bringing his season at Ye Liberty to a fine finish this week. "The Royal Box" is a play that people like and they are going to see it in large numbers. It has run now half a week and has drawn more than the usual audiences. The rest of the week will see even larger audiences. The matinee tomorrow afternoon will be the record for the season. Every lady in the audience will receive a handsome photograph of either Mr. Neill or Miss Chapman and the many friends of these two people will not fail to take advantage of this opportunity to get nice souvenirs of their favorite.

Beginning next Monday evening, Manager Bishop will present his new company of players in the funniest of farces, "What Happened to Jones." This play is called the greatest of all American farce comedies and if its long runs and tremendous business are any indication of greatness, then it will surely hold the record.

"What Happened to Jones" is one of those farces in which everybody takes a hand. It requires finished artists for every part and it has been Manager Bishop's effort to get the best for each one. Quick concerted action is the secret of farce comedy and it requires careful stage management to get the results. In both these respects the new company will be a good one. With good players and the best of stage management, there is sure to be success at Ye Liberty.

Among the members of the company engaged by Mr. Bishop is Miss Grace Goodall, a clever Oakland girl, who has been one of the great favorites at the Alcazar in San Francisco for some time past. Miss Goodall is a charming girl, talented, beautiful and graceful, with keen dramatic ability. She will be as popular here as across the bay.

TAKES DOSE OF ELIXIOR OF YOUTH.

NEW YORK, June 3.—Use of some remarkable stimplants, the nature of which has not been learned, has caused a strange scene in Sixth avenue. From a bottle, the label of which marked it as containing an elixir of youth, the dose being one teaspoonful every two hours, a woman of evident refinement and about 40 years of age, took a long drink while standing on the sidewalk near Fifth street. Her peculiar actions attracted the attention of a large crowd which soon grew to such proportions that the police reserves had to be called to clear the street car tracks.

The "elixir" was a wonder worker. Five minutes after drinking the dose the woman began to caper about like a child. She danced to the music of a street piano, played hind and seek and and exhibited all the antics of a child. When the police arrived she beat one of them and exhibited remarkable strength. It required the combined efforts of seven officers to overcome the woman and she was carried to the hospital where doubts are expressed as to her recovery. No marks of identification were found.

EIGHTH AVENUE RESIDENTS PROTEST TOO VIGOROUSLY FOR RAILWAY COMPANY.

Attorney E. W. Engs, representing the Oakland Transit Consolidated, last night stated to the Street Railway Committee of the City Council that the application made by the company for a franchise on Eighth avenue would be withdrawn if the protests of the citizens in the community continued.

Former City Attorney Johnson, representing the objecting property-owners, stated that the protest was based on the ground that the street was too narrow to permit of a double track being laid. Attorney Johnson recommended that the Transit Company instead of taking Eighth avenue should run a line on Fifth avenue, which was wider and better adapted for street railway purposes.

Attorney Engs replied by stating that if the protest of the property-owners continued the Consolidated would withdraw its application for a franchise. If the people living in that vicinity did not want improved street car service, said Mr. Engs, the company would not force it upon them.

The committee listened to the speeches of the attorneys, and although not taking any definite action, it was agreed that no more testimony be taken until the Transit Company had made up its mind.

WOMAN FORGES TO THE FRONT.

CHICAGO, June 3.—By experimenting for a year with a guinea pig and writing a thesis of 5000 words on her studies, Miss Bessie Allen, a student at the University of Chicago, has passed the cross-examination by the faculty and will next week receive her degree of doctor of philosophy. Her thesis on "The Psychology of the Guinea Pig," was her final test.

The result of Miss Allen's experiment is that she has classed the guinea pig among the animals of the medulated nervous system. Her experiments are another proof that animals of the sheathed or medulated nervous systems are born with their mental faculties well developed. Their memory is perfect almost from birth.

Miss Allen graduated from the University of Washington in 1899 and received her master's degree from that institution in 1901.

UNIVERSITY ENGAGES IN SILK CULTURE.

BERKELEY, June 3.—The first thorough scientific test of the possibilities of silk worm culture in California for commercial purposes is being brought to a conclusion in the College of Agriculture at Berkeley. Professor C. W. Woodworth, head of the department of entomology, has been conducting the experiment and has been ably assisted by H. J. Quayle of the same department.

Several millions of the worms have been hatched from eggs of the most noted varieties of silk worms imported from China, Japan and Russia, the native homes of the worms. After hatching from the eggs the worms were sustained on mulberry leaves, obtained from a grove of mulberry trees on the University campus. Thousands upon thousands of the caterpillars have grown to maturity and all the different varieties have thrived. The worms are now spinning their cocoons and the upper floor of the agriculture building has been turned into a veritable cocoonery to accommodate the busy little silk producers.

After the cocooning state of the worms is over these cocoons will be gathered, each variety being kept distinct from the others, and will be sent to the silk factories that the silk may be spun out and manufactured into cloth. In this way the experiment will be most thorough. The quality of the silk obtained will be compared with the quality of silk obtained from the same variety of worms in their native countries and also the quantity of silk obtained from the same number of worms in each country.

Considerable interest is being attached to the experiment as this is the first time that an official test has been made in such a complete manner.

ANOTHER GERM DESTROYER.

Herpicide is Death to Dandruff Germs.

The germ burrows into the scalp, throwing up the cuticle in thin scales, called dandruff, or scurf, and digging at the root of the hair where it saps the hair's vitality. First comes brittle hair, then lusterless and dead-like hair then falling hair, and, finally baldness. Nine-tenths of the hair troubles are caused by dandruff. Without dandruff, hair will grow luxuriantly, as nature intended. "Herpicide" kills the dandruff germ, leaving the hair to grow unhampered, as it does with the American red man. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Michigan. Bowman & Company special agents.

WOMEN ROBBERS RIDE IN AUTO.

CHICAGO, June 3.—Two women who dress stylishly and are experts in the handling of an automobile are being sought by the police, who declare them to be the cleverest thieves that have visited Chicago in years.

Articles valued at $1200 were stolen from a furrier's establishment at night, following a visit from the two women in the afternoon, when they had requested the goods to be "laid aside until morning." Both women were automobile coats and their machine was left standing at the curb while they were in the store. The police are of the opinion that the women are working under the instructions of men. In the day time the women locate places to be robbed and the men perform the work of burglary at night.

MAY NOT OIL STREETS.

EXPENSE OF EXPERIMENT TOO MUCH FOR VALUE RECEIVED.

EMERYVILLE, June 3.—The proposition of oiling the streets, which has been talked of for some time, seems to have resolved itself into a thing that will not materialize. The question was brought up before the board some time ago and it was intended to spread oil on one side of San Pablo avenue for one block and on the opposite side of the street water was to be used. The intention was to make a comparison between the two methods. The idea has been practically given up and it is probable that the oil question will not be carried out.

IRISH AND TROY DEBATE MUNICIPAL OWNERSHIP.

Both Favor Public Improvement While They Differ As to a City Doing Business.

Col. John P. Irish and E. P. E. Troy of San Francisco, debated the question of municipal ownership of the water works before the Oakland Common Good Alliance at Foresters' Hall last night. The alliance is composed of five delegates from the men's clubs of sixty of Oakland's churches. The attendance, however, was light, and in referring to this, in the course of his address, Col. Irish said that considering the importance of the question they had to discuss, it was a just criticism of the much advocated government by the referendum vote. He pointed out that it would be a minority rule that the few who took interest in these things would be the ones to govern rather than the many.

COLONEL IRISH.

In opening the debate, Colonel Irish said he wished to speak for a moment on a matter of personal privilege. "I was represented in the San Francisco morning dailies as coming here to advocate the municipal ownership of water works. This is a grave mis-statement and a great mistake. I do not believe in a government owning anything. I would not have a city own even a cat or a dog. I have spent my whole life in 'knocking' the ownership of anything by a government. It is the business of governments to govern. A government has no business to be in business. If I had my way, I would take even the postoffice out of the hands of the government.

BOND ISSUE.

"We are here tonight to consider the bond issue. For my own part, I am very much in favor of it. So far as I understand it, I believe it is to be directed to the getting of money for a park, the improvement of Lake Merritt and for the improvement of the streets. I believe that we should have a fine big park, not little plazas, but a park where people can ride and drive. With the natural beauties surrounding this city of ours, we have advantages unsurpassed. I would buy all of the West Oakland marshes and lay them all out in a beautiful level garden. In conjunction with the De Fremery tract which it is proposed to purchase, this would beautify that whole side of the city. I would connect this with the boulevard, with Lake Merritt, which I believe should long ago have been made one of the prettiest water parks in the country.

OAKLAND'S CHANCE.

"Oakland to be up-to-date must be attractive. Any Eastern city of the same size would have taken advantage of a great many of the possibilities we have here. It is proper and rights that a city, as well as an individual should make itself attractive as possible to those with whom it expects to do business. In this proposed bond issue I see the beginning of a system, in which Oakland has been lamentably behind. These bonds are to run for forty years. This distributes the expense to others who will also reap the benefits of these improvements. I own some real estate in this city myself, and I am willing to pay my share for the voting of money to doing everything that is possible to make Oakland the most beautiful city in the world. But I do not consider that this embarks the city in the public ownership of anything."

TROY SPEAKS.

After thus briefly stating his position in a general way upon the question, Col. Irish gave away to Mr. Troy, who then took the floor. There was, however, some slight misunderstanding between the two gentlemen as to the exact question which they were to debate. Mr. Troy said that he did not wish to be misunderstood to be against the voting of bonds for public improvements, but that he believed these things could wait and that there was another question of much more importance to the city than the voting of bonds for the beautifying of Lake Merritt or the building of a new City Hall.

He then said, "I shall take as the text of my remarks this evening the eleventh chapter, eleventh verse of St. Luke. 'If a son ask bread of any of thee that is a father, will he give him a stone?'

"The urgent necessity of Oakland, the issue upon which Mayor and Councilmen have been elected, and lost their reputations is a municipal water supply. Councilman Howard in a recent address said, 'The water problem completely blocks the satisfactory consideration of all other schemes for public improvements.' Your present Mayor and City Council were elected upon this issue. Mr. Dornin said, 'The Council is pledged by party platform to devolve a scheme of municipal ownership of water supply.' This was said in 1903 and is just as important today as it was a year ago. Mr. J. B. Cahoon, in a recent paper on 'Municipal Affairs' says the only way of heading off a movement for public ownership is by fighting it like a prairie fire, by starting an opposing flame.' Thus a different sentiment is started and carefully 'worked up.' The people of Oakland are the best judges as to whether this has been the policy of certain influences in this city.

CITY HALL IS GOOD.

"The proposed bond issue has some features that deserve your attention. Sewers have never before been constructed in this city by a bond issue. The children's playgrounds are unnecessary, as every vacant lot can be used for that purpose. This is a petty sop thrown out to help the Lake Merritt scheme. Bituminous cross-walks is another sop, and there is no imperative need of a City Hall. By the voting of this bond issue it will mean an increase in your city tax levy of $168,750. With excessive taxes, will it attract home-seekers to dwell among you?

"An abundant supply of pure water that can be furnished at a minimum cost will enable every citizen to maintain a garden at his own home and make Oakland one vast park. The first municipal water works in England were established by Sir Francis Drake in 1585 at Plymouth. Today, only six of the twenty-nine towns in Great Britain of over 100,000 population receive water from private companies. Of the 141 boroughs other county boroughs in England and Wales, 139 have municipal water supplies. In fifty-five German cities of more than 50,000 population only two have private water works. In France, of the twenty-five cities of over 65,000, twenty-two have municipal water. Chicago made a net profit in 1901 of $823,885, and gives the lowest rate of any city in the world, (and the worst water) inserted Col. Irish. "By common consent an adequate supply of water is a public need, entitled to precedence over all other public improvement."

IRISH'S ANSWER.

In beginning his answer to the argument made by Mr. Troy, Col. Irish said: "My friend, Troy, talks water like Niagara Falls, but I never could get one of these people to draw the line at where they are willing to stop in the ownership of works by a city. In regard to Chicago water, upon which my friend dwelt so long I would like to say that the time that I have spent in Chicago the Board of Health of that city was continually warning the inhabitants against the using of water, first in one district, then in another. One day it would be that the water of the ninth district could be used if it was boiled. The next day the second district would be warned against the use of the water at all, and so it went on. Their water is a great life saver so long as you leave it alone. But I deny that by changing the ownership of water works from private to municipal that you in any way change the character of the water given to the consumer.

POISON OF FOLSOM.

"It will not change the chemical qualities of the liquid we drink. Sacramento rejoices in a municipal water supply, yet today it is drinking the poison of Folsom prison, to say nothing of the filth that comes down the Sacramento river. It was only a short time ago that they found the body of a dead Chinaman in one of their pipes and another time the carcasses of two hog. I don't care how much profit a city can make, it has no business to be in business. It is not a proper function of government to be in business.

"The figures that Mr. Troy has so laboriously dug up, I also have by the trunk full. They prove absolutely nothing. There are none of these cities that own their own water plants but are under the control of political rings. The two principal Australian colonies own their own railways. A few years ago they published a report, in which they showed a profit of $5000—while in reality there was a deficit of this amount. They had charged this off, however, to the general fund and the general tax levy. There is not a city in the United States where the water works are owned that they can tell where they stand. If there is a deficit they charge it up out of the general fund, and the people are made to believe that they are making money by getting cheap water, while their taxes are steadily on the increase.

BONDS FOR PLANT.

"If a city is bound to own its water plant, I believe that bonds should be voted to only cover the plant it is proposed to establish. If so much money can be made out of it, the plant will pay for itself, and this is the only business way in which this can be done. It is not right to make the bond a lien against the property of an entire city to help along an unpaying investment in a water supply. If I have a well of my own, and I do not want to use the water furnished by the city it is not right that I should be made to do so.

"Troy wants us to put up with old streets, and a city hall, which looks like a combination of eczema and itch, with a pestiferous old jail in the basement and do away with everything that brings grace and beauty and refinement to a city. I admit that every old vacant lot, with its adornment of tomato cans, old rubbers and discarded hoop skirts, is a place where children may play, but I do not believe that this is a proper playground for the use of the city. For this reason a street is a playground, or a gutter.

APPEALS TO PREJUDICE.

"Troy appeals to close prejudice in the amount of money to be spent around Lake Merritt, but I maintain that any other city of the size of Oakland would long ago have made use of this inland body of salt water to make it one of the most beautiful recreation parks in the country. This is about all I have to say on this subject. I wish to reiterate that I believe that no city has a right to be in business. In all of the figures published in regard to municipal water plants none of them are carried out to a definite conclusion. I don't believe they pay when run by the city and to make a lien of the entire property of the city to foster a public utility is not business. If the thing can be made to pay the only business way is to vote bonds to simply cover the business which it is proposed to establish. You will then very quickly find out what sort of a paying proposition it is."

"NEW MINISTER" NEXT WEEK.

Despite the counter attractions at the theatres next week a magnet of the greatest drawing power is announced for June 11. It is a play by Denman Thompson and George W. Ryer, our "Old Homestead" friends, and is entitled "Our New Minister" and comes direct from its record-breaking four months' New York run. It is a pastoral comedy and treats of life as it may be found today in any New England village. It has had New York and Boston productions, and has not been seen outside of the Eastern circuits, and, singular to say, not one dissenting voice has been heard, all the critics being unanimous in praise of it. The subject is a new one to the stage, while the play itself is very strong in dramatic situations, is full of human interest and has a sparkling stream of pure and simple "Yankee" humor running through it. The original all-star cast will appear, and a massive scenic production will be seen. "Our New Minister" will be seen at the Macdonough next Friday. Saturday and Sunday nights with a big bargain matinee on Saturday, June 11.

ST. PAUL'S PICNIC.

St. Paul's Sunday School picnic will start from the church Saturday at 11 o'clock sharp for Piedmont Springs. A special car has been chartered and the youngsters are to enjoy the day with races, games and sports.

IN LABOR UNION CIRCLES.

MEETINGS OF IMPORTANCE—GENERAL NEWS OF THE WORKERS.

The Miscellaneous Trades Council met last night. F. Terry was seated as a delegate from the retail clerks.

It was recommended to the Central Council that that body appoint an agitation committee for the purpose of agitating the demand for the union label and card.

Next Sunday, at 2 oclock p. m., the organizing committee of the Miscellaneous Trades Council will meet with the Federal Labor Union, which organization is for the benefit of those workers who have no union allied to their particular craft. The council will aid in the initiation of a large number of candidates. G. K. Smith and Con Grove, organizers for the American Federation of Labor, will be present and will deliver addresses to those assembled

PAINTERS AND DECORATORS.

At their meeting last night, Painters' and Decorators' Union, local No. 127, initiated five candidates. There are five applications to be acted upon. J. C. Skemp, who was appointed to fill the place of the late general secretary of the international union, M. P. Carrick, has arrived at the headquarters of the union and assumed his duties. Mr. Scully has received word from him to that effect.

LUMBER HANDLERS.

The Brotherhood of Lumber Handlers of Alameda county met last night and initiated six candidates. There are eleven applications.

Next Thursday evening a smoker will be held at the headquarters of the union, in Building Trades Hall. There will be a good program, including singing, recitations and instrumental music, all by members of the union. Refreshments will be served and a good time is contemplated by all. This affair is under the supervision of a standing entertainment committee consisting of Messrs. Tyson, Miller and Holiday. The affairs of this union are now in first-class shape and membership is increasing rapidly.

CARPET MECHANICS.

Last night nominations for officers of the Carpet Mechanics' Union were in order. The following are the nominees: President, Seward Young, vice-president, W. Turner; financial secretary, R. S. Tambling; corresponding secretary, Charles O'Neil; sergeant-at-arms Oloff Houge; trustees, Messrs. Bellows, Machado, Schellhaas. The election is to be held next meeting nihht.

Terms have been made with all shops and there are at present no unfair places of business in this line in the county.

MATERIAL TEAMSTERS.

Routine business was transacted at the meeting of the Material Teamsters' Union last night. At their next meeting they will consider the matter of sending a delegate to the international convention to be held at Cincinnati in August.

PLASTERERS' UNION.

Two applications and one member by card was the addition to the Plasterers' Union last evening. Secretary of Finance J. T. Kearns was absent through illness caused by a fall from a scaffold. A communication was received from the garment workers of Philadelphia, who are at present locked out, requesting a donation. The matter was laid over for action at the next meeting. Condition of affairs in the union are excellent.

REGARDING A UNION PAPER.

There has for some time been considerable discussion regarding the feasibility of publishing a labor newspaper in the interests of the Alameda county unions. The matter is to be put to referendum vote during the present month, and accompanying the vote will be a concise statement of its meaning. It will be shown that those unions voting to establish such a paper will be expected to contribute, as an organization, whatever specified amount per month that is decided upon. The idea is to assure the stability of the foundation for the newspaper before commencing its publication. The Central Labor Council has referred the whole matter to a committee of five. Joseph B. Rebolt of the Clerks' Union is chairman, while William E. Scully of the Painters' Union is secretary. The referendum vote and accompanying statements of the conditions to be observed in voting is the plan of this committee, and they believe a result will be reached this month regarding the matter. The paper, if started, will be issued weekly.

DIPLOMAS FOR MANY.

Graduates Now Ready to Enter Berkeley High.

BERKELEY, June 3.—With simple, though appropriate exercises, thirty-six pupils of the Allston Way School were awarded by President Allen of the Board of Education this morning the long-sought-for diplomas which open the doors of the High School for them. The closing program, which was a short one, was witnessed by a large number of parents and friends of the graduates, who were fairly buried beneath the floral tributes of their friends.

The program of the closing of the year was opened by the graduating class singing "Oh, For Peace!" which was followed by a paper on "The Dawn of Day," written by Gano Chittenden and read by Mary Quackenbus. "The Bells of Serville," sang by the class, was followed by a very pretty little recitation. "The Story of Robin Hood" by Fiorentine Harrison. After the 'Good Night Song," by the class, Dr. Allen delivered a very interesting and instructive address to the graduates. The boys of the class gave a clever rendition of "Comrades Parting," which was followed by one of Superintendent S. D. Waterman's cheering, soul-inspiring address. The diplomas were then presented and the program closed with "America."

The graduating class was one of the largest in the history of the school and was noted for its uniformity of work. Nearly every member of the class had come right up through the Berkeley schools from the first grade and all were prepared alike. The complete list of graduates is as follows:

Katherine Allen, Addie Allen, Charlie Banker, Wallace Brier, Helen Carlisle Mary Chalmers, Claude Colburn, Gano Chittenden, Florence Doyle, Gladys Fitzpatrick, Fred Goldman, Oscar Goldman, Ethel Hampton, Florentine Harrison, Alfred Hartley, Gertrude Hosford, Charlie Hust, Oscar Iverson, Clara Jacobsen, Leo Kennedy, Carl Kelsey, Katherine Jones, Rowan Locke, Henry Lybeck, Hurd Matthew, Katheryn McCabe, James Moore, Ralph Norton, Mary Quackenbush, Reta Schunck, Doris Spencer, Willie Stroms, Gwendolyn Underwood, Sadie Underwood, Bruce Whetmore and Grover Wulbern.

CENTURIES OLD

The disease which has brought more suffering, degradation and disgrace upon the human race is the same to-day that it was centuries ago. It is called Contagious Blood Poison, "The Bad Disease," and is given other names, but among all nations is regarded as the blackest and vilest of all human diseases. It goes from bad to worse; the little sores that first appear are soon followed by others; the glands of the groins swell and inflame, a red eruption breaks out on the body, the mouth and throat become ulcerated, the hair and eye-brows drop out, and ugly yellow blotches make their appearance, and if the disease is not checked at this stage, every bone, muscle, tissue and nerve in the body becomes infected with the poison, and from the roots of the hair to the soles of the feet there is not a sound spot anywhere. To cure this awful contagion the blood must first be purified, and nothing will do this so quickly and surely as S. S. S., which has been known for years as an antidote for the poisonous virus of Contagious Blood Poison. Mercury and potash may check it for a time, but it comes back in a still more aggravated form. S. S. S. is guaranteed purely vegetable, and $1,000 is offered for proof that it contains a mineral ingredient. Write for our home-treatment book, and learn all about Contagious Blood Poison and how to treat it. No charge for medical advice.

I was afflicted with blood poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to grow worse all the while. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never had a sign of the disease to return.

COLLEGE TOWN VISITED BY DESTRUCTIVE BLAZE.

Residence and Coal Yard Are Burned Entailing a Loss of Six Thousand Dollars.

BERKELEY, June 3.—Property to the value of nearly $6000 was destroyed at an early hour this morning, when the residence of Mrs. C. A. Calhoun, 2518 Telegraph avenue, and the coal yard and two barns of E. P. King at the northwest corner of Telegraph avenue and Blake street, were burned to the ground. The loss to the cottage, fully covered by insurance, but $1500, was to the coal yards is $5000.

The blaze started in the residence and soon spread with rapidity to the coal yard. Although the firemen were prompt in arriving the best they could do was to keep the flames from adjacent residences and the fine business block at the corner of Telegraph avenue and Dwight Way.

The fire started shortly before 2 o'clock and it was fully two hours later before the apparatus was taken away. The piles of coal that were in the yard are still smouldering and it may be a matter of days before the live coals are fully extinguished.

Miss Madge Flynn, proprietress of the Elmhurst Bakery, was in Oakland Wednesday, on a combined business and pleasure trip.

Mrs. James Clinton was recently tendered a surprise party by a number of her friends from San Francisco. A very pleasant day was spent at the lady's home on Sunnyside street.

ENDEAVORERS GIVE FAREWELL SOCIAL.

BERKELEY, June 3.—A very enjoyable farewell party was given last Friday evening by the Christian Endeavor Society of the Trinity Methodist Church to those of its members who were to receive diplomas from the Berkeley High School. The church parlors were handsomely trimmed in gold and red in their honor, the table especially being a work of art, dainty flowers being used in artistic combinations.

The first part of the evening was spent in games and conversation. At a late hour the sixty or more present sat down to the bountiful tables and jollity reigned for over an hour. Mr. Musgrove, with his usual wit and humor, carried off very successfully the honors of toastmaster.

The graduates of the High School who were thus honored were Arthur Bolton, Raymond Bush, Herbert Preuler, Winfield Matthews, Mary M Clure, Eva McClure and Olive Morrison.

Taking alarm the horse turned and started for home at a rapid pace, dragging the little girl head downward. Just as the animal was about to run through the gate, Mr. Marengo, attracted by the cries of his daughter, rushed out of the house and stopped the horse.

It was found that the child had sustained no broken bones, but that she had received bruises from which she will not recover from for some time.

EXHIBIT ARRIVES AT EXPOSITION.

BERKELEY, June 3.—Advices received from St. Louis at the State University state that the exhibit of the University has all been unpacked in the Educational Building and is being rapidly put in place. The exhibit of the State University promises to excel the exhibits of all the other colleges in America in the lines of art and completeness. Owing to the wiseness of the committee on the exhibit in forestalling all delay on the grounds was obviated by having everything, down to the showcases manufactured and fitted up in this State ready for prompt installation.

On account of the location of the University's space in a vestibule, much has been planned with a view to illumination, and transparencies will be the most striking feature of the exhibit. They are considered to be more impressive than mere photographs, being susceptible of brilliant illumination by sunlight and by electric lamps. The transparencies include astronomical photographs from Lick Observatory, views of the college grounds and the interiors of the buildings at Berkeley, and even maps and charts.

These latter promise to be one of the distinctive features of the display, as many of the University's most important activities are thus diagrammed graphically. Three of these illuminated glass maps illustrate the wide scope of the agricultural department.

END OF SYND CATE.

NEW YORK, June 3.—The Pittsburg-Toledo syndicate which advanced $20,000,000 for the construction of the Wabash extension into Pittsburg will be wound up next Monday, according to the Herald, and the control of the Wabash-Pittsburg Terminal Company will be turned over to the Wabash Railroad. The Terminal Company is a consolidation of the three small lines which constituted the Pittsburg extension and the extensive terminals in that city.

The syndicate in whose hands the construction of the line rested was pledged to advance $20,000,000 of which $14,000,000 has already been paid. When the balance is paid on Monday the Wabash will take title. Members of the syndicate will then receive $13,400,000 first mortgage bonds, $20,000,000 second mortgage bonds and $10,000,000 of Wabash common stock. The Wabash railroad will then take over all the capital stock of the Wabash-Pittsburg Terminal Company, which is now $10,000,000 and also $6,600,000 first mortgage bonds.

ARGENTINA TREATY.

HAYWARDS, June 3.—The Board of Trustees met last Wednesday night, the full board being present.

Bids on the legal printing were received from George A. Oakes and O. R. Borgan. The contract was awarded to Oakes.

Fire Commissioner Geary reported that the Fire Department requested the board to allow them to place a hose cart on First street, between B and C streets. The request was granted and the matter referred to the Fire and Water Committee. Chief Zambreski of the Fire Department desired that ten fire extinguishers be supplied for their use. The request was referred to the Fire and Water Committee.

The marshal was instructed to have all trees projecting over streets or sidewalks trimmed.

Mr. Woods reported the unsafe condition of certain wooden awnings about town. The matter was referred to the Fire Commissioners.

The office of the city attorney was declared vacant. Adjourned.

CANNERY IN FULL BLAST.

The cannery, which commenced operations on Tuesday last, is now in full blast and things about that portion of town are booming with life and activity. Already the improvement in business is being felt and a season of prosperity is looked forward to by all.

AN ERA OF PROSPERITY.

Haywards can certainly boast of an era of prosperity such as has not been equalled for many years. New buildings, residences and business blocks, are going up in every direction and many more are being planned for the near future. The new library will soon be in course of construction and the new school building is almost completed. The improvements at the cannery are practically finished and will be a big addition to the town. Business men are enlarging their stores and renovating them, while new businesses are springing into being every little while. There is little doubt that the Booster Club is doing much toward awakening the dormant energies of the people of this city, and there is still less doubt that they will do much more in that direction in the future. The movement is meeting with much success and the leading merchants and professional men of the city are standing behind it. Already Haywards presents a greatly improved aspect over last year and there is every probability that as great an advance will be noticeable when another year has gone by.

MARQUIS' CREDITORS HOLD A MEETING.

NEW YORK, June 3.—Creditors of the Marquis of Angelesey have held a meeting to discuss plans for securing a settlement, says a Herald dispatch from London. It was agreed ultimately that there should be a deed of assignment to the trustees for the benefit of the creditors who would get practically an immediate payment of 15 cents on the dollar.

Lord Angelesey succeeded in 1898 to the title and estates and within six years has incurred liabilities amounting to more than $2,720,000 but was fully insured for $1,250,000.

One of the creditors announced that the reason for convening the meeting was because writs had been issued against the Marquis. Judgment had been obtained against him but Angelesy was abroad and out of the jurisdiction of the court.

Adverting to such figures as had been supplied, the speaker said it appeared that the unsecured liabilities were somewhere about $1,250,000. He said he was sorry to say that out of an income of $550,000 a very small margin was left from which to liquidate the liabilities. Among other things he declared the Marquis had spent $1,065,000 for jewelry.

DISEASED COWS.

NEW YORK, June 3.—Extraordinary precautions are being taken by the health department to prevent the communication of tuberculosis through milk from diseased cows. Extra inspectors have been appointed and a strict examination will be made of the many herds producing the bulk of the city's milk supply. New rules are being formulated for the regulation of the traffic and the meat supply will be closely watched.

Some physicians have been quoted to the effect that thousands of children are now suffering from tuberculosis contracted through milk from infected cows, but the health department officials declare no unusual number of cases have been found and say they are merely taking every possible precaution.

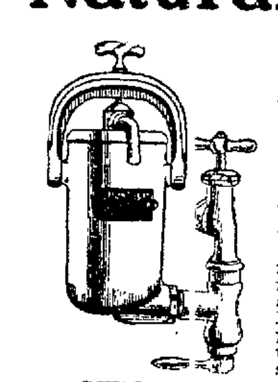
Natural Stone Filter



This is the best Faucet Filter on the market. No plumbing required, as it is attached to either plain or threaded end Faucet. Unfiltered water can be drawn without detaching.

It is an indisputable fact that all water is more or less polluted by surface washings and decomposing animal and vegetable matter, breeding all kinds of disease germs.

Filter All Water Used. Boiling water makes it flat and insipid and destroys many of its healthful salts. The temperature at which water boils is 212 degrees Far., while many germs require a temperature of 244 to 254 degrees Far. to kill them, and the dead matter remains and should be filtered out.

PHILIP S. WALES, U. S. N., Medical Director of the U. S. Navy, says of our Filters:

"The introduction of these filters into every household, when it is possible, would undoubtedly prove an important sanitary measure against the dangers of polluted water, especially during the time of an epidemic." Price $4.50 and up to $14.00.

IMPORTANT

NOTICE TO VOTERS

REGISTRATION

Office of the County Clerk, Alameda County, Cal.

NOTICE IS HEREBY given that in accordance with the provisions of Chapter 53 Statutes of 1899, all voters of Alameda County must apply for re-registration in order to be able to vote at the General Election in November, as every name on Great Register was cancelled January 1st, 1904.

Owing to the fact that there is no provision of law providing assistance for the Clerk to register voters, IT IS IMPORTANT THAT VOTERS SHOULD APPLY FOR REGISTRATION AT ONCE IN ORDER TO EXPEDITE THE WORK.

Such re-registration began on the 1st day of January and will be in progress at all times until forty days preceding the next election in November.

In order to facilitate the work of re-registration, attention is called to the provisions of Section 1097 which reads as follows:

Sec. 1097. No person's name must be entered by the Clerk unless:
1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry to be made.

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, or upon his affidavit that it is lost and out of his possession, which affidavit must state the place of his nativity and the time and place of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county at the next succeeding election, provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties, or cities and counties of this State, his name must not be entered by the Clerk unless he produces a certificate of such registration, issued by the party authorized by law to issue such certificate, which certificate shall be prima facie evidence of his naturalization.

3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election.

Further notice is hereby given that Affidavits of Registration must be sworn to before the County Clerk or his deputies, and that they can not, owing to the provisions of the new Registration Law, be sworn to before any other officer.

The office of the County Clerk will be, until further notice, open for registration from nine a. m. until five p. m. each day.

County Clerk, Alameda County.

GRANDPA GIVES SHUT OUT.

TREATS PORTLAND TO A WELL DONE GOOSE EGG—GRAHAM THE STAR.

The Lohmanite aggregation played a little game of 4 for me and blank for you with the Portland team yesterday at Recreation Park. It was baseball done to a turn. Oscar Graham was in the box and made a distinguishing mark for himself. He stood over the rubber once and banged out a run for the Oakland team. Not an error was against him and he had nothing to be forgiven for except the fact that Portland could not find out where he secured the curves that he handed out. Oscar struck out six of the Browns, made a pretty sacrifice and covered himself with baseball glory.

It was a case of blank for the first two innings and then the Oaklands woke up and brought in a single in the third. Two more in the fifth and another in the sixth wound up the score making for the game. The Portland boys had a hard chance to fight against and out of the small total of five hits could do no better than to draw a long series of cyphers. The Commuters made one error in the game and this charged up to young Theo. Streib. The Grandpa combination hit off Iberg for a total of ten hits. Ganley made good his stick reputation and was the only one of the day to make a three-bagger. The game was fast and well played by both sides but the Oakland team had the baseball heat and won in a walk with the big, round contour looking into the faces of the Portlands.

The score:

RUNS AND HITS BY INNINGS.

	1	2	3	4	5	6	7	8	9	
Portland	0	0	0	0	0	0	0	0	0	— 0
Base hits	0	1	0	0	0	1	2	1	0	— 5
Oakland	0	0	1	0	2	1	0	0	—	4

SUMMARY.

First base on called balls—Off Graham 4. Left on bases—Oakland 5, Portland 7. Struck out—By Iberg 5, by Graham 6. Double play—Devereaux to J. Streib. Time of game—One hour and forty minutes. WOMEN OF WOODCRAFT.

Oakland Circle, No. 266, W. of W., held a very interesting meeting last Saturday evening. Initiation of strangers into the Wood, election of officers for the ensuing term, a visit from Grand Officer Florence Worley and a large delegation of neighbors from the Baby Circle lately instituted at Golden Gate were among the attractions.

Everything added to make the circle gathering very pleasant. Many new applications are being received through the efforts of Organizer Jessie M. Moore, whose pleasing way has captured the neighbors of Woodcraft.

Following are the officers elected to fill the chairs for the ensuing term:

Past guardian, Wilda Williams; guardian neighbor, Dr. Fannie Scott; adviser, Lucy Peterson; magician, Alice Rice; attendant, Kate Talbott; inner sentinel, Julia Cruza; outer sentinel, Eva Carroll, captain of guards, Annie L. Miller; musician, Annie B. Maker, manager, J. T. Williams.

ANGELS FLEW HIGH.

SOARED ABOVE THE SEALS AND HAVE FEATHERS TO SPARE.

The Angels and the Seals had another try-out at Los Angeles yesterday and Mr. Newton carried away the honors after a hard fought and close game. Neither side was able to bring in a run until the seventh, when the Seals crossed the rubber for a single. The Angels were having a hard time of it and Knell had his arm with him. Up to the ninth inning the Champions were in the goose egg column. Then a rally and two scores brought home to them the victory. The day was most disagreeable, the heat intense and the diamond was enveloped in a cloud of dust from the start. The finals were: Los Angeles, 1, San Francisco 2. The score:

RUNS AND HITS BY INNINGS

HARRIMAN ORDERS SOME NEW CARS.

PITTSBURG, June 3.—The Pressed Steel Car Company was the successful bidder on the Harriman car contract let yesterday. It received the order for 2000 new high capacity steel cars on which work is to begin at once. Most of the steel cars will go to the Union and Southern Pacific railroads.

The Pressed Steel Car plants have been almost closed down for lack of orders but this order will put the whole plant in operation. In addition other orders secured make an aggregate of 4000 cars to be built.

ACCUSED OF FORGERY.

NEW YORK, June 3. — Kate H. Schmidt, aged 14 years, has been arrested on a charge of forgery. A ladies' tailoring firm, by whom the girl was employed, claims that on several occasions she raised checks so cleverly that bank officials were deceived. Previous employers accuse the girl of larceny and a few months ago she figured as a suspect in an incendiary fire. The magistrate held her for further examination.

JACK JOHNSON WINS AGAIN.

BLACK CHAMPION DEFEATS CHILDS IN A ONE-SIDED CONTEST.

Big Jack Johnson, who defeated Sam McVey here a short time ago, has another victory to his credit in defeating Frank Childs at Chicago last night. Johnson's fight here on the coast was a one-sided affair and he easily proved his superiority over McVey after a so-called fight. Johnson is one of the shiftiest men in the ring today and though he lays claim to championship honors he is not up among the top-notchers. In last night's fight with Childs he outclassed him in every point of the game.

Johnson had Childs going in the second and third rounds and had him biting the mat for the count of nine. The gong saved him in both instances. The bout was a six-round affair and during the last three rounds it was simply a case of play for Johnson. Childs managed to last the bout out, but was badly punished and was in a most weak condition at the finish of the contest.

It was Johnson's fight all the way.

TURFS WANT CHAMPIONSHIP.

That clever combination of sport and ability to toss the ball, known as the Oakland Turfs, are looking for the championship. They have taken on one of the best teams that they have ever met and next Sunday at Idora Park they will try conclusions with the Vestibules. The game is called at three o'clock. The Turfs have put up a most strong showing during the season and it is thought by those who have followed the playing of the team that they will win the game Sunday and annex the championship. Link Dennis, the well-known West Oakland sport, has the team in charge and the whole thing belongs to him. Dennis has pushed the Turfs forward in every way and is one of the progressive West Oakland sports, who believes in making a first-class showing every time with clean events. Dennis will soon have a pair of clever fighters matched and the event will take place in West Oakland. He has one man ready and is looking for another, who is well known in the pug arena.

MAUDE ADAMS TO PLAY IN OAKLAND.

Maude Adams has been the recipient of unusual ovations during her trip to the western section of the country. When she appeared at Salt Lake two weeks ago, she was given the greatest reception that had ever been extended to any theatrical star in the city. When she made her appearance upon the stage, the audience rose to its feet and it was some ten minutes or more before the play could proceed, so emphatic were the greetings extended to this talented young lady. Among other honors conferred upon her was the presentation of a loving cup, Herbert M. Wells, Governor of Utah making a beautiful speech honoring Miss Adams with the token. Her reception in San Francisco when she opened at the Columbia Theatre last Monday evening was indeed a high compliment to Miss Adams. Miss Adams will play an engagement in Oakland at the Macdonough Theatre Friday evening June 17. She comes here supported by a splendid company, many of whom were with her for over two years during the time she presented "The Little Minister" in New York and other cities of the East. The sale of seats will open next Friday June 10 at 9 o'clock. Positively no orders accepted in advance.

RELATIVES MISSING.

The morgue officials have been unable to find any relatives of Charles French, the man who died at the Receiving Hospital Wednesday morning, after having been brought there from Berkeley. A report from Berkeley yesterday stated that he deceased has a fifteen-year-old boy in one of the Oakland schools. Deputy Coroner Quellen called at the office of the Board of Education to make inquiries, but as it is not known which one of the schools the boy is in, if in any at all, nothing satisfactory was learned in regard to the matter. There are several pupils named French in the various schools.

The inquest as to the cause of death will be held next Monday at 7 p. m.

FOUND DEAD.

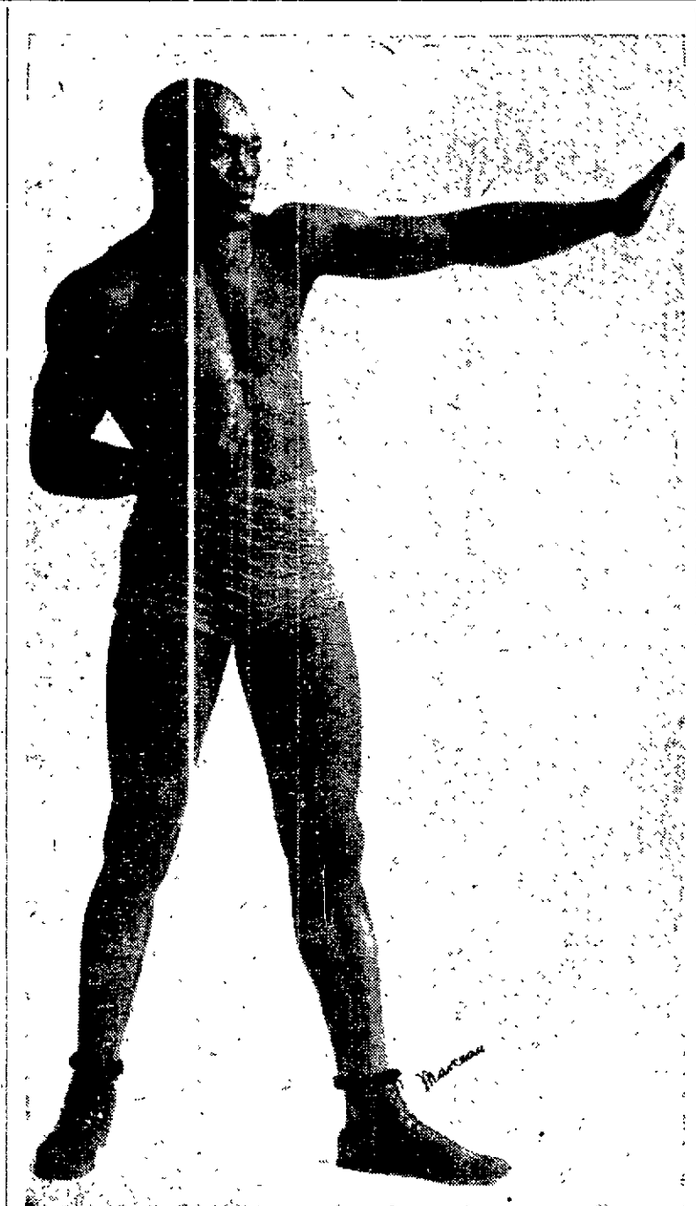
CHICAGO, June 3.—Mrs. Elizabeth Keil, aged 63, has been found dead in the kitchen in the rear of her store by the police. In an adjoining room Emil Sakrewski, an employe of Mrs. Keil, was found asleep. He was arrested and at the Coroner's inquest was held to answer to the Grand Jury for further investigation. He was charged with being directly responsible for the aged woman's death. A post mortem examination by the Coroner's physician showed the presence of a quantity of arsenic poison in her stomach.

CHERRY FETE.

The doors of Mr. and Mrs. Boden's home at Haywards will be thrown open for a large "cherry fete" to be given tomorrow afternoon, June 4. The affair is planned for the benefit of the Trinity Episcopal Mission fund and a number of prominent society women, including Mrs. Will Meek are interested in making the affair a great success. Special cars will run from Twenty-third avenue to Haywards from 3 o'clock in the afternoon until 7 in the evening.

VESPER SERVICE AT ST. PAUL'S.

Beginning with Sunday coming, until further notice, the evening service at St. Paul's Episcopal Church will commence at 5 o'clock instead of at half past seven as heretofore. These Vesper services will be short and attractive, the music being rendered by the male choir, and will be quite a feature of the service. An address by the rector will be given at each.



JACK JOHNSON, WHO OUTCLASSED FRANK CHILDS AT CHICAGO LAST NIGHT.

ABE ATTELL IS DEFEATED.

JACK M'CLELLAND PUTS IT ALL OVER THE WESTERN LAD.

Abe Attell was down for a go with Jack McClelland at St. Louis last night, but there was only one end to the fight and that was the McClelland end. After fifteen rounds of fighting Referee Sharp gave the fight to McClelland who outpointed Attell. In the thirteenth round Attell showed the usual white streak and claimed a foul. Referee Sharp knew the game and refused to allow it. Attell a lot of wrangling and unnecessary kicks on the part of the Attell crowd.

McClelland had the best of the fight from the start and Attell was clearly outclassed. In the third round when the seconds were not to be spared, McClelland landed a vicious blow to the stomach and then Attell did the usual and cried foul. McClelland landed stiff body and head punches almost at will and had the whole fight his way.

Bright's Disease And Diabetes

IF THESE DISEASES ARE NOT NOW BEING CURED BY FULTON'S COMPOUNDS, HOW CAN THESE LETTERS BE ACCOUNTED FOR?

J. P. Tighe, Slater, Mo., May 20.—"Began the Compound for Bright's disease January, 1903. Dropsy almost ceased and thought I was well by July. I stopped too soon. It is coming back. Will now continue long enough to complete the cure."

J. H. Wright, merchant, Mineral Wells, Tex., May 19.—"I am clear of albumen now and believe I am all right, but I want three dozen more of the Bright's for others."

Mrs. Anna Wilson, Allentown, Pa., May 20.—"I doctored six years for Diabetes—no results till I got your Compound. I have more ambition, appetite, etc.—in fact, feel better than for years."

Jno. C. Bertram, Bristol, Ill., May 17.—"I am certainly stronger than two months ago; sleep sounder and appetite much improved."

Mrs. Mary Yout, Holly, Mich., May 20.—"Our boy has been taking your Diabetic Compound two months and says he feels a great deal better. Sugar was as high as 1040 before we commenced."

Quincy G. Pam, Geneva, Ill., May 19.—"Have now been on your Bright's Disease Compound just six weeks and with good results."

Mrs. Laurie Gillick, Johnsie, Pa., May 21.—"My mother (an extreme case) has taken your Bright's Disease Compound nearly four months and is very much better, but the last bottle looks little different shape. Is it all right?" (Note—It was all right—different lip only.—J. J. F. Co.)

About 87 per cent of all cases of Bright's Disease and Diabetes are curable by the Fulton Compounds. Send for literature and list of agents. Jno. J. Fulton Co., 409 Washington street, San Francisco, sole compounders.

When to suspect Bright's Disease—puffy ankles or hands—weakness without visible cause—kidney trouble after third month—frequent urination—smoky urine—failing vision—day drowsiness—one or more of these.

SPORTING NOTES.

And what did Oakland do? Nothing but a large shut-out proposition for the Portlands by 4 to 0. And the grandpas are still going some.

Ovie Overall didn't have a thing to handle except the ball yesterday. And he certainly did place it for a winner. But one hit was all the Siwashes gathered and the run column totaled a naught. The Tigers collected a six spot.

The Angels won in the ninth inning from the Seals by 2 to 1. When leathers and sealskins get together the cut of the clothes is usually of the latest.

Young Corbett has returned from England. Now Mr. Corbett it is time to do a little monologue with James Edward at the other end of the alley.

The Turfs will play the Vestibules at Idora Park next Sunday at 3 o'clock. Link Dennis says that his team is the missing link that will complete the championship.

Claude Zarroch, the clever local pitcher is making good in Honolulu. He is pitching for the Elk baseball team.

Tod Sloan came over from "Hingland dorchey know" on the Deutschland. Tod will probably come to the coast with Mr. Young Corbett.

Tomorrow the Stanford athletes will compete at Chicago in the Marshall Field field events. Now root for records!

Monarib, the Kansas City Derby winner, was nosed out by Gregor K. at Hawthorne yesterday.

Jack Munroe's friends say that he has a chance. And so it goes. At any rate there will be a fight, that is, somebody will win.

The Young Oakland baseball team won two games Sunday defeating the East Oakland Stars in the morning and in the afternoon won from the Elmhurst twirlers.

ABOUT THE BIG FIGHTERS.

JEFFRIES TRAINING HARD—MUNROE'S FRIENDS THINK MINER HAS GOOD SHOW.

(Special Correspondence Harbin Springs.

Champion James J. Jeffries put in another hard day's work yesterday, in preparation for his coming battle with Jack Monroe. The big fellow labored for fully five hours in the gymnasium in the morning and afternoon and at the end of his hard training, expressed himself as being perfectly satisfied with himself. Jeff boxed four fast rounds with his brother Jack and hauled and pulled big Joe Kennedy all over the hand-ball court. Kennedy was unable to box by reason of a sore hand and Jeffries made him "rough it." Jeff showed superhuman strength. He perspired freely during the rough exercise and seemed to enjoy it. When his sparring partners were tired, Jeff did shadow boxing for ten minutes and then attacked the punching bag. He hammered the bag for twenty minutes and if any of the blows he let fly ever connected with an opponent, he would have gone to sleep in short order.

In the afternoon Jeff went out on the road for a ten mile spin and was fresh enough at the finish to sprint two hundred yards to his dressing room. The champion also tackled a bag filled with sand that weighs 250 pounds. This is suspended from the rafters and the champion finds pleasure in wrestling with it. An ordinary man is tired shoving it around for half a minute, but Jeff is able to keep this form of exercise up for fully half an hour.

Today's work was the hardest Jeff has done since coming here this season. He is determined that he will enter the ring in perfect condition when he meets Monroe and now that the time is drawing close at hand, he feels that he must do extra hard work. Jeff's humor continues to be fairly good. He is gradually growing thinner in the face, which evidences that he is taking off weight. He refuses to get on the scales, as he does not care to worry. He says he never weighed himself when he trained for Corbett and he does not care how much he weighs so long as he is fast and his wind is in good condition. He told a sporting writer here that he did not care if the scale was thrown into the creek. Jeff takes part in all the games at the hotel. His charming wife is with him and is watchful over her big husband. Billy Delaney is in San Francisco on business and in his absence Jeff is putting in some hard licks. He is anxious to be as fast as he was the night he fought Corbett.

JACK MUNROE.

Munroe is also getting into fighting trim and figures that he will give the champion a good hand out for his money. Jack is probably in the best condition that he was ever in in his life. The fact that he made such a good showing with Jeffries at Butte and his recent strong fight with Sharkey has given his friends much confidence in the big fellow's ability to give Jeff a good try out. Monroe is not neglecting a moment's training and knows that he will have to stick to hard work to put him in any kind of shape to meet the hard hitting and clever Jeffries. One thing about Monroe is that he is steady in his habits and whether in training or out is always in the best physical condition.

Yesterday he boxed four easy rounds with Longshoreman Casey and then proceeded to mix it with Gallagher, the clever amateur. Munroe let out a couple of stiff jolts. Then, in order not to take his opponent by surprise, he told him he was going to hit him on the jaw. Gallagher smiled, but before the laugh had left his face the miner hit him on the right side of the jaw and he fell over, completely knocked out.

In five minutes Gallagher regained consciousness. He complimented Munroe on his hitting powers and predicted that if he could warn him of an approaching blow and make good, he could do the same with Jeff.

Billy Roach, who is managing Monroe, is authority for the statement that a large amount of Eastern money will be sent here to be played on Jack. The wise men of the East do not think Jeff is so good as he was and they are ready to bet that Munroe will turn the trick.

In the afternoon he showed that he had a knock-out punch. While boxing with Gallagher he hit him a blow on the jaw. Gallagher fell in a heap and it was over five minutes before he revived.

Billy Roach, who is acting as Munroe's manager, claims that a large amount of Eastern money will be sent here to play on Munroe. The coin will represent the wisest men of Gotham. They have seen the miner in his recent fights and believe he has sufficient recuperative powers to take the best that Jeff can hand out and come back fighting.

Monroe jumped on the scales today after finishing his work and balanced the beam at 226. He announced that he will take off very little weight.

OVERALL GAVE BUT ONE HIT.

POPULAR COLLEGE LAD HAD SIWASHES AT HIS MERCY.

Old reliable Ovie Overall, the pride of his college and a rising star in the baseball constellation, certainly "done it" yesterday in the box for the Tigers. It was a most remarkable game from the fact that the Siwashes, who had a few things to say in the batting column, were unable to hit Overall and secured but one base hit for the entire game. Overall was at his best and discharged his duties with great credit to his abilities. He had perfect control of the ball and his curves were mysteries to the Siwashes.

Tacoma got a run in the first inning and after this neither side was able to connect with the rubber until the sixth. Then the Tigers borrowed a new lease of life and hit off Barber for a total of five hits and the same number of runs. Then it was all over. No more runs were made and the Siwashes had to be satisfied to gaze at the nothingness of the circle. The Tigers won by 6 to 0. Tacoma got eleven base hits off Barber. The score:

RUNS AND HITS BY INNINGS.

	1	2	3	4	5	6	7	8	9	
Tacoma	1	0	0	0	0	5	0	0	*	— 6
Base hits	2	0	1	1	1	5	0	1	*	—11
Seattle	0	0	0	0	0	0	0	0	0	— 0
Base hits	0	1	0	0	0	0	0	0	0	— 1

Summary. Struck out—By Overall 8, by Barber 7. Error—Hall. Base on balls—Off Overall 1, off Barber 5. Wild pitch—Overall. Stolen bases—Casey, McLaughlin, Graham. Two-base hits—Lynch, McLaughlin, Doyle, Nordyke, Smith. Three-base hit—Nordyke. Left on bases—Tacoma 1, Seattle 2. Time of game—One hour and forty minutes. Umpire—O'Connell.

WILLIAM WILSON IS RETAINED.

The suit heretofore referred to in these columns wherein it was sought by Mrs. Martha Allison of San Rafael to remove William Wilson as trustee of the estate of Martha Buckeley, deceased was terminated in the Superior Court of Alameda county recently by a dismissal of the action.

Upon the calling of the case by the Judge the plaintiff's attorney moved the court to dismiss the action, whereupon the court dismissed the suit with costs in favor of the defendant. The Judge said no testimony was required on the part of defendant for a dismissal of the action.

The heirs upholding the terms of the trust will are pleased with the manner in which Mr. Wilson has managed the estate, and the assertion of the case on the day set for trial is a clear vindication of Mr. Wilson's management of the affairs of the estate.

Mr. Wilson is a jeweler of the highest standing in Oakland, where he has been engaged in business since 1866—thirty-eight years—and no merchant of this city stands higher for integrity and fair dealing.

COMMISSIONER GIER GOES TO ST. LOUIS.

Theo. Gier, one of the members of the Alameda County Commission to the St. Louis Fair, left yesterday afternoon for St Louis where he will spend a month looking after the interests of Alameda county exhibit, which has been installed there. He was accompanied to the depot by President Jonas of the Merchants' Exchange, George W. Arper, F. Muhr, Wilbur Walker and C. D. Brown. When Mr. Gier reaches St. Louis he will relieve Commissioner Woolbye, who has been on the ground since the Fair was opened.
